CTE ADVISORY COMMITTEE MEETING FEEDBACK MINUTES, NOVEMBER 13TH, 2014

Engineering Pathway Advisors: David Braunstein, Jose Iniguez, Stephen Thrasher, Gary Johnson, Brent Rummell, Seokhoon Yi, David Wuchner

David Braunstein: Wants students to be calculus ready, to take Physics, Computer Coding, AP Computer Science, CAD, Communication, Blue Prints, Log Book, More writing skills

Jose Iniguez: Advanced math at the HS, CIM- Needs Software Edge Camp, Writing & Reading comprehension, CAD Programs with Translate info and solid works inventor, Supplies, Professor Development, Structor – English Speaking, Woodshop Classes, Aerospace, Biological Engineering, Civil Engineering, Computer Integrated Manufacturing,

Gary Johnson: Capstone class is needed, Aerospace Engineering is in high demand, Drawing first Analogue to digital, Machine Language, Geometric Tolerancing, Computer Drafting, Metal shop, Wood shop, Working with hands, program management, raw material, purchasing, carpentry, moving metal shop class, **Please come and tour Ace Clear Water. Contact gperez@aceclearwater.com**

Medical Pathway Advisors: Brian Diaz, Yvonne Lizarraga, Sabrina Lares, Gerardo Perez, Veronica Gomez, Rosa Aguayo, Tabitha Bailes, Carina Amezcua, Rommel Barrantes, Julissa Altamirano, Roger Rojas, Elizabeth Rodriguez, Laura Ortiz, Aaron Bean

Roger Rojas: Teach bedside manner and how to make patients relax and trust you.

Julissa Altamirano: Laptops for classroom, and leadership skills

Carina Amezcua: More hands on skills like EKG or injections on the dummies

Rosa Aguayo: More career and profession development also communication skills.

Veronica Gomez: We need public speaking to a diverse group, Mandatory fundraising per student, need more supplies like EKG needles, blood tubes, non latex gloves, alcohol, supplies needed for practicing hands on

Gerardo Perez: We need more communication skills such as having students give an overview of what was learned in front the class.

Yvonne Lizarraga: More time to practice their public speaking and leadership skills. More time in front of the classroom

Media Pathway Advisors: Keelan Grace, Moises Garcia, Ernesto Jacobo, Brent Jaffe, Jose Torres, Veronica Torres, John Peterson, Jason Sewell, Richard Caldera, Marc Francois

What programs and skill sets should we continue to provide as part of our pathway?
Continue doing what we are doing, everything looks great (Jose Torres)

What would you suggest we add to improve our program?

- *Maybe implement coding for web design*
- *Teach students how to market themselves, maybe an entrepreneurial course to help students with the business side of the media profession.*

Any other comments or feedback?
App development and epub publishing isn't a huge part of business, much of the epub publishing is done inhouse. (That means that there are jobs, but those are in-house).

Sue Parsons - Educational director at Cerritos college - She would like a matriculation agreement between Cerritos College and Paramount. She would also like to provide some internship opportunities between the schools.

Joe Torres - Paramount Publishing
Joe would also like to setup internship possibilities for his clients who are looking to save some money on design assignments.
