Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent ofthe Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January I, 2000. Senate Bill 334, approved in 1999, perpetuated SB187.

The Comprehensive School Safety Plan contains the following elements:

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan is reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at the school's main office.

Safety Plan Vision

Los Cerritos School uses a comprehensive approach to support our student's physical, mental, and emotional well-being and create a safe welcoming school environment in which all students feel safe to learn. Los Cerritos' CSSP focuses on the use of intervention for students with attendance or discipline issues and looks at data from a variety of resources to gain feedback and a better understanding of how our students feel and how staff can support them on campus. Los Cerritos' CSSP also focuses on logistical details for a safe school environment including ingress, egress, disaster plans, and more.

The Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. (BP 0450).

Los Cerritos School Safety Committee

Assessment of School Safety

A review of Los Cerritos Elementary School indicates that the students, parents, and staff of Los Cerritos are safe on campus, off campus at school-sponsored events, and traveling directly to and from school. To ensure this, Los Cerritos has adopted policies and procedures pertaining to campus environment and security, investment in behavioral management and intervention, encouraged participation of community members, and the improvement and maintenance of the physical school environment.

Los Cerritos performs regular practice emergency drills which include: fire drills, drop and cover drills, lockdown, earthquake drills, evacuation drills, active shooter drills, etc. Los Cerritos participates in the annual "Great California Shake Out" and is constantly seeking feedback to improve our earthquake and emergency preparedness. Los Cerritos works closely with the PUSD Safety and Security Department to strengthen our disaster preparedness through supplies, drills, and meetings.

Visitors (when allowed on campus) are required to sign-in/out in the school office and Los Cerritos utilizes the RAPTOR visitor check-in system. Appropriate signs are posted following all necessary protocols and guidelines. Emergency exit routes are posted in all the rooms.

Our school creates a safe school environment. The school implements programs and practices to address bullying that are aligned to Board Policy 5131.2 Bullying (Revised September 11, 2024)

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

Alternate means of correction are employed to address discipline infractions prior to suspension for lower-level Education Code violations. As a preventative measure, all TK-12 schools have implemented Safe & Civil Schools Positive Behavior Support program, which focuses on teaching our students about behavioral expectations and providing positive feedback. Restorative practices are being utilized across the district to ensure a comprehensive approach to discipline and behavior interventions.

Paramount Unified School District (PUSD) utilizes Synergy reporting to track our student attendance and monitor concerns with chronic absenteeism. There is a process for sites to follow when there is a concern regarding absenteeism and truancy. All schools have a School Attendance Review Team (SART) to collaborate and consult on how to provide intervention to the students and families with identified attendance issues. The District also holds Student Attendance Review Board (SARB) hearings for cases that are not resolved at the site level and need further intervention. The most current 2024 data is indicated below.

Attendance and Suspension Data for Los Cerritos Elementary School:

Students in the SARB Process: 2023-2024 school year   0

2022-2023 school year   2

Percentage of Chronically Absent Students: 2023-2024 school year   21.4%
2022-2023 school year   41%

Suspension Percentage: 2023-2024 school year   0.1.3%
2022-2023 school year   0.2%

PUSD takes a holistic approach to student mental health and support throughout our TK-12 programs. Our school employs both a counselor and a social worker to assist students in need of intervention and crisis support.

A variety of interventions and means of correction are used as a part of a progressive discipline model including reflective assignments, peer mediation, restorative practices, student check-in check-out, individualized incentive programs, school-based counseling, and more.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms. Opioid Prevention and Life-Saving Response Procedures
PUSD nurses conducted Universal Precautions, Seizures, Diabetes, Asthma, Heart, Allergies/Anaphylaxis, Mental Health Anxiety, Stomach Conditions. Narcan administration training is provided annually for district nurses, school health office technicians, campus safety officers, and school staff volunteers. In responding to a suspected opioid incident, the responder will check the individual for responsiveness and signs of an opioid overdose, which may include unconsciousness, slow or absent breathing, pinpoint pupils, bluish skin, a limp body, or snoring and gurgling sounds. Utilizing personal protective equipment (PPE) such as gloves and masks, if available. They will then call emergency services. If naloxone (Narcan) is available, the responder will administer it according to the instructions and monitor the individual's breathing and responsiveness. If there is no response after 2-3 minutes, another dose of naloxone can be given. The responder will remain with the individual until help arrives, keeping them safe and as alert as possible. When emergency responders arrive, they will be provided with all relevant information. California Education Code 49414, protects employees or volunteers acting in good faith to provide emergency.
PUSD's Board Policy and Administrative Regulation 5141 addresses Health Care and Emergencies and Board Policy and Administrative Regulation 5141.21 explains protocols for Administering Medication and Monitoring Health Conditions.

Help Save a Life

What is the Opioid Epidemic?

Opioids are medications that are used to reduce pain but are at high risk for abuse. Opioids can impact the body's ability to breathe, leading to death. The rise in overdoses can be attributed to illicitly manufactured opioids, particularly fentanyl. Per the Drug Enforcement Administration (DEA): "Brightly colored pills, dubbed 'rainbow fentanyl', is a new trend used by drug cartels to sell highly addictive and potentially deadly fentanyl made to look like candy to children and young people. It has been seized in multiple forms, including pills, powder, and blocks that resemble sidewalk chalk." According to the CDC, 107,622 Americans died of drug overdoes in 2021, with 66% of those deaths related to syntetic opioids like fentanyl.

(E) Sexual Harassment Policies (EC 212.6 [b])
The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.
Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

Support Services

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in another program as appropriate. The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.
The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

Level 1: Teacher discusses behavior with child and provides verbal reminders of school rules.
Level 2: Teacher discusses behavior with child, administers in class consequence and submits a copy of the referral to the front office. Classroom teacher informs parent of concern.
Level 3: Staff sends student to the office to be seen by administrator, counselor, or Social Worker. Admin. or Designee will inform teacher of the consequence and contact parent. Level 3 referrals are logged into Syngery
Sample reasons for level 3 referral include fighting/aggressive behavior, harassment, use of profanity or vulgar language, weapons, replica weapons, etc.)

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines
H. Policies Regarding Suspension and/or Expulsion
In accordance with Board Policy 5144.1 and Administrative Regulations 5144.1 & 5144.2, suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a student, including a student with previously identified exceptional needs, may be suspended from school for not more than five consecutive school days for any of the reasons in the Education Code Section 48900, upon first offense, if the principal determines the student has committed any of the acts enumerated in Education Code Section 48900 (a-q) or that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process (Education Code 48900.5)

Prior to suspending a student, a school conference is held with the student and an administrator to discuss the student's offense except in cases when the student is not available. Parents are notified of the offense and the suspension in a timely manner after the decision is made to suspend the student.

Offenses that result in mandatory suspension and referral for expulsion with the principal having the ability to make an exception if appropriate include:
1. Caused serious physical injury to another person, except in self-defense.
2. Possessed any knife, explosive, or other dangerous object of no reasonable use to the student.
3. Unlawful possession of any controlled substance listed in Chapter 2 (Section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the sale of not more than one avoirdupois ounce of marijuana other than concentrated cannabis.
4. Robbery or extortion
5. Assault or battery, as defined by Sections 240 and 242 of the Penal Code, on any school employee.

Offenses that result in mandatory suspension and referral for expulsion, with the principal having no ability to make an exception include:
1. Possession/selling/furnishing a firearm at school or at a school activity.
2. Brandishing a knife at another person.

3. Unlawfully selling a controlled substance listed in Chapter 2 (Section 11053 of Division 10 of the Health and Safety Code.)
4. Committing/attempting to commit a sexual assault/battery as defined in Education Code 48900 (n).

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)
To fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of each student who has engaged in suspendable acts pursuant to Education Code 48900 (except subdivision h), 48900.2, 48900.3, 48900.4 or 48900.7. The information provided shall be from the previous three years. Paramount Unified School District has incorporated this notification into the student profile screen in the Synergy Student Information system. Teachers who would like additional information about the suspensions may review the student's discipline file in the school office. All information regarding suspension and expulsion is confidential and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Response Procedures for Dangerous, Violent, or Unlawful Activity
For specific details, refer to Paramount Unified School District Board Policy and Administrative Regulation 3515 Campus Security (Revised May 9, 2023), BP/AR 3515.2 Disruptions (Revised September 14, 2020), BP/AR 3516 Emergencies And Disaster Preparedness Plan (Revised September 14, 2020), AR 3516.2 Bomb Threats (Revised September 14, 2020), and BP/AR 5131.7 Weapons And Dangerous Instruments (Revised September 14, 2020).

(I) Hate Crime Reporting Procedures and Policies
The Governing Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process. The following measures are implemented to prevent discrimination, harassment, intimidation, and bullying of students at District schools or in school activities and to ensure equal access of all students to the educational program :

1. Provide to employees, volunteers, and parents/guardians information regarding the District's nondiscrimination policy; what constitutes prohibited discrimination, harassment, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information includes guidelines for addressing issues related to transgender and gender-nonconforming students.

2. Provide to students a handbook that contains age-appropriate information that clearly describes the District's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior.

3. Annually notify all students and parents/guardians of the district's nondiscrimination policy and of the opportunity to inform the school principal whenever a student's participation in a sex-segregated school program or activity together with another student of the opposite biological sex would be against the student's religious beliefs and/or practices or a violation of his/her right to privacy. In such a case, the principal shall meet with the student and/or parent/guardian to determine how best to accommodate the student.

4. Publicize the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, employees, volunteers, and the general public and post them on the district's web site. br/>
5. At the beginning of each school year, inform school employees that any employee who witnesses any act of discrimination, harassment, intimidation, or bullying against a student is required to intervene if it is safe to do so.

Process for Initiating and Responding to Complaints

Any student who feels that he/she has been subjected to discrimination, harassment, intimidation, or bullying should immediately contact the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the principal whether or not the victim files a complaint.

Any school employee who observes an incident of discrimination, harassment, intimidation, or bullying or to whom such an incident is reported shall immediately report the incident to the principal whether or not the victim files a complaint.

Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the principal shall immediately investigate the complaint in accordance with the District's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. (BP 5145.3).

Safety Plan Review, Evaluation and Amendment Procedures

The Comprehensive School Safety Plan was reviewed and approved by the School SIte Council in a public meeting. Input was elicited regarding, but not limited to, school data, the school disaster & emergency plan, ingress and egress, and discipline policies. (BP 0450).

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview
The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:
Incident Command Team Responsibilities

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management
During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence
Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations
All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics
Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration
Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)
Los Cerritos Elementary School's Emergency Plan provides faculty, staff, parent volunteers and students with site-specific emergency instructions during an emergency crisis or disaster. The Plan delineates responsibilities of all Los Cerritos employees and is organized according to the Standardized Emergency Management System (SEMS). Los Cerritos personnel designated to carry out specific emergency responsibilities are expected to understand the policies, procedures and system. Training and exercises are ongoing components of the Plan.
The Plan is reviewed and updated annually by the principal, staff, and district personnel. Drills and exercises are conducted annually. Copies of the Plan and staff roles are distributed to Los Cerritos employees, the district office, and other entities as appropriate.

There is always the possibility that an emergency or disaster may occur when classes are not in session or when Los Cerritos is being used for extended before/after school activities. While the structure of the plan remains the same, the management system may expand or contract depending on the emergency and availability of personnel.

Los Cerritos employees understand that the school's primary role in an emergency is to care for the safety and welfare of children for the duration of the emergency. Staff recognizes that the school site may be on its own (without outside resources) for up to 72 hours. Should an emergency/disaster occur during school hours, Los Cerritos will shelter students who are not picked up by parents or authorized persons listed on the Emergency Information Card for up to 72 hours. This is district policy. There is also the possibility that the American Red Cross may use LOS CERRITOS as a community shelter. Los Cerritos will keep students in the safest location on the school campus until they can be safely reunited with their families. The Principal will relocate students to an alternate site when required by law enforcement or when it is unsafe to remain on campus.

A disaster container with some emergency food, water, supplies, and equipment are located on campus. Contents are inventoried and replenished as necessary by the Safety and Security Department.

The principal and faculty will inform students about emergency procedures. All employees will make every effort to use appropriate procedures while providing students with direction and guidance, which emphasize their physical and psychological well-being.

Parents will be informed of the Los Cerritos Emergency Plan annually. A copy of the Plan will remain in the administrative offices.

Plan Activation:

The principal or designee will activate the Plan in an emergency or when a threat exists that may impact the safety and well-being of students, employees, and the community. When the Plan is activated, employees will follow an Incident Command System (ICS) to ensure centralized direction and coordination. Under ICS, one person (the Incident Commander, ICO) is in charge at the school site. The principal or designee will serve as Incident Commander. Depending on the nature and scope of emergency, the Incident Commander may appoint section chiefs to oversee other functions (Planning, Operations, Logistics and Finance and Administration). If the situation warrants, the ICO can perform any or all five functions. The principal or designee will also be responsible for deactivating the plan. District and other Agencies:
Los Cerritos will communicate with the district by phone, email, short-wave radio, or runner. Emergency information, status reports, and resource requests will go directly to the Paramount Unified School District (PUSD) Assistant Superintendent of Business Services. Los Cerritos may also contact the City of Paramount.

Los Cerritos Internal Communications Protocol:

Los Cerritos will utilize a variety of communication sources, including student messengers, walkie-talkies, landlines, cell phones, and the ParentSquare web-based communication system.

All district faculty and staff have received active shooter training called Run- Hide-Fight.

All District school sites have implemented a Visitor Management System called Raptor, to increase safety and security measures on campus. The Raptor Visitor Management school security system screens for sex offenders, alerts staff of custody violations, and provides districtwide reporting for all visitors.

All District school sites have a tactical response plan in place. Special consideration has been given to emergency procedures with regard to students with disabilities.
The District works collaboratively with local fire, police, sheriff, EMS and the City of Paramount to ensure the safety of staff and students. All fire alarm systems undergo a full system test annually.

For specific details, refer to Paramount Unified School District Board Policy and Administrative Regulations 3516 Emergencies and Disaster Preparedness Plan.

Adaptations for Students with Disabilities
Los Cerritos is home to 2 Special Day Classrooms and all students who have full mobility. Students with disabilities have access to their classroom's designated evacuation area. There are 11 staff members who will assist them with the evacuation process and 11 staff members who will support them during the evacuation timeframe. The students' IEP plans identify their unique needs and any appropriate accommodations which may be needed during these instances. Students will follow classroom teacher to their assigned waiting area near the lunch benches. Access points are accessible with ramps to all sections of evacuation location (north playground).

Public Agency Use of School Buildings for Emergency Shelters
In accordance with Education Code 32282, the District shall allow public agencies, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The school district or county office of education shall cooperate with the public agency in furnishing and maintaining the services as the school district or county office of education may deem necessary to meet the needs of the community.

Instructional Continuity Plan

Senate Bill 153 is an instructional continuity plan to establish communication with students and their families and provide instruction to pupils when in-person instruction is disrupted due to an emergency pursuant to Section 41422 or subdivision (a) of Section 46392. The plan shall include:

(i) Procedures for pupil engagement, as soon as practicable. Communication will be sent from each school principal to students and their families no later than five calendar days following the emergency via ParentSquare.   ParentSquare is a two-way

communication tool with students and their families. This communication will include how students will access academic, social-emotional and mental health support.

(ii) Access to in-person instruction or remote instruction no later than 10 instructional days following the emergency, as practicable. The plan may include support to students and families to enroll in or be temporarily reassigned to another school district, county office of education, or charter school. For purposes of this paragraph, "temporarily reassigned" means temporarily reassigned to another local educational agency outside of the school district in which the pupil's parent or guardian resides. Notwithstanding Section 48200 or any other law, a pupil who is temporarily reassigned shall be deemed to have complied with the residency requirements for attendance in the local educational agency that is temporarily serving the pupil pursuant to this section.

(ii) Notwithstanding Section 48200 or any other law, a school district, county office of education, or charter school may continue to enroll a pupil who is temporarily reassigned to another school district, county office of education, or charter school pursuant to this section in order to facilitate the timely reentry of the pupil i their prior school after the emergency event has ended.

(G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)
Safety routes (ingress and egress):

Los Cerritos has multiple access points to the campus.
Morning drop off is located at the north playground entrance and afternoon pick up is conducted at south playground turn-about.
School dismissal is conducted through south playground turn-about.

Procedure for Visitor Check In:
There are signs posted on campus indicating that all visitors must report to the main office. Visitors (when allowed during school hours) are required to check in at the main office and get a visitor's badge using the RAPTOR check-in system.

(H) A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)

Component:
Cultivate a Nurturing and Emotionally Safe Environment to Strengthen Well-Being, Belonging, and a Sense of Safety- Chronic Absenteeism

Element:
41%- Yellow status -CA School Dashboard Fall 2023

Opportunity for Improvement:
Reduce Chronic Absenteeism by 5%

Objectives	Action Steps	Resources	Lead Person	Evaluation
Chronic Absenteeism is at yellow status indicating that a significant portion of students are frequently absent. This rate is relatively high and can have a direct, negative impact on student learning and engagement. Los Cerritos will recognize students for improved attendance and provide materials and resources to enhance attendance.	Celebrate school-wide attendance and positive school climate by recognizing individuals and classrooms with high attendance rates by purchasing materials and resources to enhance student attendance.	Title 1	Counselor, Social Worker, and Principal	Track purchase materials, monthly attendance reports
Addressing chronic absenteeism requires engaging and educating parents on the importance of daily attendance.	Provide parent education opportunities to address impact of inconsistent attendance on student performance. Conduct SART meetings for students who have 9 or more unexcused absences.	Title 1	Counselor, Social Worker	Parent education meeting agenda, slides and sign in sheets, SSC minutes, ELAC minutes
Addressing chronic absenteeism requires early targeted interventions for students who are trending chronic absenteeism.	Implement an early warning system to identify at-risk students and provide supports such as counseling, or home visits to address underlying issues. Implement a weekly mentoring check in for students who have been identified chronically absent.	Title 1	Classroom teacher, Counselor, Social Worker	Data tracking sheets

Component:
Cultivate a Nurturing and Emotionally Safe Environment to Strengthen Well Being, Belonging, and a Sense of Safety - Suspension Rate Indicator (CA School Dashboard)

Element:
0.2% - Blue Status- CA School Dashboard Fall 2023

Opportunity for Improvement:
Blue status is the highest level on the CA School Dashboard. We will maintain blue status

Objectives	Action Steps	Resources	Lead Person	Evaluation
The suspension rate is very low at 0.2%, with a Blue status, which indicates positive behavior and a well-maintained school environment. This low suspension rate suggests that the school has effective behavior management practices in place.	Hold assemblies and events that promote a culture of safety, belonging, anti-bullying, kindness, grit and resiliency.	Title 1	Principal, Counselor	Student and teacher surveys, assembly purchase orders
Establish positive reinforcement systems with clear behavioral expectations in all classrooms.	Provide professional development on Tier 1 positive behavior training for staff	Title 1	Counselor, Social Worker, BCBA	Staff meeting agendas, teacher surveys

Los Cerritos School
2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
	- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
	- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
	A hard copy of the School Accountability Report Card is available at your School Office, upon request.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

School communication is well established and ongoing through our website, Parent Teacher Association (PTA) meetings, Parent Square calls, emails, and text messages, Schoology, special bulletins from the office, and regular communication from classroom teachers. Parents in our community are very supportive of the instructional program, disciplinary procedures, and the efforts of our dedicated staff. There is strong community and parent involvement, as reflected through the number of volunteers, involvement in parent-based programs and committees and the attendance at parent-teacher conferences, Back-to-School Night, and Open House. Parents may also participate on the School Site Council (SSC), English Learner Advisory Committee (ELAC), and the Parent Teacher Association (PTA).

2024-25 School Safety Plan

Providing our staff and students a clean, orderly and safe environment is a District-wide priority. Faculty and staff are provided training on emergency preparedness throughout the school year, and emergency drills are held a minimum of once a month.

2024-25 School Safety Plan

For the safety of students and staff, the front and back gates are locked at 8:15 a.m. All visitors must enter through the office and check in with our office staff to receive a visitor's pass from the Raptor System. Emergency drills are held once a month along with a District-wide earthquake drill so students become familiar with appropriate safety routes and learn to exhibit acceptable behavior in case of emergency. Drills consist of fire, disaster, lockout, and lockdown.

Paramount Schools provide a safe and clean learning environment. Full-time custodians are assigned to each site with responsibilities of daily cleaning, vacuuming and minor maintenance of classrooms and support facilities. There is a custodial supervisor who performs weekly inspections on restrooms, classrooms and eating areas. In addition, as a year-round school district, a deep cleaning crew visits the school every nine months to address heavy cleaning.

The District provides a security patrol 24 hours per day, at all TK-5 schools. Some K-8 and all high schools have full-time security posted at their schools. In addition, all high schools have staff assistants to provide for crowd control and disciplinary issues.

A Comprehensive School Safety Plan was developed by the Safe School Committee in order to comply with Senate Bill 187 of 1997. The plan was approved by the School Site Council on March 1, 2023. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies.

Informe de Responsabilidad Escolar para 2023-2024
(Publicado Durante el Ciclo Escolar 2024-2025)

Información General sobre el Informe de Responsabilidad Escolar (SARC)

Sobre el SARC

La ley estatal requiere que cada escuela en el estado de California publique un informe de responsabilidad escolar (SARC, por sus siglas en inglés), para el 1 de febrero de cada año. El SARC contiene información sobre la condición y desempeño de cada escuela pública en California. Bajo la fórmula de financiamiento bajo control local (LCFF, por sus siglas en inglés) todas las agencias educativas locales (LEA, por sus siglas en inglés) son requeridas preparar un plan de responsabilidad bajo control local (LCAP, por sus siglas en inglés), que describe como intentan cumplir las metas anuales específicas a la escuela para todos los alumnos, con actividades específicas para abordar prioridades estatales y locales. Además, datos reportados en un LCAP debe ser consistente con los datos reportados en el SARC.

- Para mayores informes sobre los requisitos del SARC, favor de consultar la página web del SARC del Departamento de Educación de California (CDE, por sus siglas en inglés), en https://www.cde.ca.gov/ta/ac/sa/

- Para más información sobre el LCFF o LCAP, consulte el sitio web LCFF de CDE en https://www.cde.ca.gov/fg/aa/lc/

- Si los padres y el público general desean recibir información adicional sobre la escuela, pueden comunicarse con el director o la oficina del distrito.

Una copia física del Informe de Responsabilidad Escolar está disponible en su Oficina Escolar, bajo petición.

DataQuest

DataQuest es una herramienta en línea ubicada en el sitio web *DataQuest* de CDE en https://dq.cde.ca.gov/dataquest/ que cuenta con información adicional sobre esta escuela y comparaciones de la escuela con el distrito, el condado, y el estado. Específicamente, *DataQuest* es un sistema dinámico que proporciona informes para contabilidad (p. ej., datos de pruebas, matriculación, egresados de escuela preparatoria, abandono escolar, matriculación en cursos, dotación, y datos relacionados a Estudiantes del Inglés).

Interfaz (*Dashboard*) Escolar de California

La Interfaz (*Dashboard*) Escolar de California https://www.caschooldashboard.org/ refleja el nuevo sistema de contabilidad y continuo mejoramiento de California y proporciona información sobre como los LEA y las escuelas están cumpliendo las necesidades de la diversa población estudiantil de California. La Interfaz (*Dashboard*) cuenta con informes que exhiben el desempeño de los LEA, las escuelas y los grupos estudiantiles en un grupo de medidas estatales y locales para ayudar a identificar las fortalezas, desafíos y áreas necesitando mejoramiento.

Acceso al Internet	Acceso al Internet está disponible en bibliotecas públicas y otras ubicaciones que son accesibles al público (p.ej., la Biblioteca Estatal de California). Acceso al Internet en bibliotecas y otras ubicaciones públicas es generalmente proporcionado a base de orden de llegada. Otras restricciones de uso pueden incluir el horario de operación, el plazo de tiempo que se puede usar una estación de trabajo (dependiendo en disponibilidad), los tipos de programas informáticos disponibles en una estación de trabajo y la habilidad de poder imprimir documentos.
Requisitos de Admisión a la Universidad de California (UC, por sus siglas en inglés)	Requisitos de admisión para UC se adhieren a pautas establecidas en el Plan Maestro, que requiere que .8° superior de los alumnos graduados de escuela preparatoria del estado, así como aquellos alumnos que trasladan y han exitosamente completado especificado cursado universitario, sean elegible para admisión a UC. Estos requisitos son diseñados para garantizar que todos los alumnos elegibles estén adecuadamente preparados trabajo de nivel universitario. Para requisitos sobre admisión general, favor de visitar el sitio web de Información sobre Admisión UC en https://admission.universityofcalifornia.edu/.
Requisitos de Admisión a la Universidad Estatal de California (CSU, por sus siglas en inglés)	Elegibilidad para admisión a CSU es determinado por tres factores: (1) Cursos específicos de escuela preparatoria, (2) Calificaciones en cursos especificados y puntuaciones en pruebas y (3) Graduación de escuela preparatoria. Algunos planteles tienen estándares más exigentes para enfoques particulares o alumnos que viven fuera del área del plantel local. Debido a la cantidad de alumnos que solicitan, un par de planteles tiene estándares más exigentes (criterio suplementario para admisión) para todos los solicitantes. La mayoría de los planteles CSU cuentan con políticas que garantizan admisión local a los alumnos que se gradúan o trasladan de escuelas preparatorias y universidades que son históricamente brindadas servicios por un plantel CSU en esa región. Para información sobre admisión, solicitud y cuota, consulte el sitio web CSU en https://www2.calstate.edu/.

B. Resultados Estudiantiles	**Prioridad Estatal: Rendimiento Estudiantil**
	El SARC proporciona la siguiente información relevante a la prioridad estatal de rendimiento estudiantil (Prioridad 4):

Evaluaciones a Nivel Estatal
(p. ej., Evaluación de Rendimiento Estudiantil y Progreso de California [CAASPP, por sus siglas en inglés], que incluye las Evaluaciones Sumativas *Smarter Balanced* para alumnos en población de educación general y las Evaluaciones Alternativas de California [CAA, por sus siglas en inglés] para artes lingüísticas del inglés [ELA, por sus siglas en inglés]/lectoescritura y matemáticas administradas en tercero a octavo y onceavo año. Solo alumnos elegibles pueden participar en la administración de las CAA. Material CAA cumple con las normas de rendimiento alternativo, las cuales están vinculadas con las Normas Básicas Comunes Estatales [CCSS, por sus siglas en inglés] para alumnos con discapacidades cognitivas significativas).

El Sistema CAASPP abarca las siguientes evaluaciones y requisitos de participación estudiantil:

1. **Evaluaciones Sumativas *Smarter Balanced* y Evaluaciones Alternativas de California (CAA, por sus siglas en inglés) para ELA** en tercero a octavo grado y onceavo grado.
2. **Evaluaciones Sumativas *Smarter Balanced* y Evaluaciones Alternativas de California (CAA, por sus siglas en inglés) para Matemáticas** en tercero a octavo grado y onceavo grado.
3. **Prueba de Ciencia de California (CAST, por sus siglas en inglés) Evaluaciones Alternativas de California (CAA, por sus siglas en inglés) para Ciencia** en quinto y octavo grado y al estar en la escuela preparatoria (es decir, décimo, onceavo o doceavo grado).

Porcentaje de Alumnos Cumpliendo o Superando la Norma Estatal para CAASPP

Esta tabla exhibe los resultados de la prueba CAASPP para ELA y matemáticas para todos los alumnos de tercero a octavo y onceavo grado tomando y completando una evaluación administrada por el estado.

Porcentaje no son calculados cuando la cantidad de alumnos realizando la prueba es diez o menos, ya sea porque la cantidad de alumnos en esta categoría es demasiado chica para precisión estadística o para proteger privacidad estudiantil.

Los resultados de prueba ELA y matemática incluyen la Evaluación Sumativa *Smarter Balanced* y la CAA. El "Porcentaje Cumpliendo o Superando" es calculado al tomar la cantidad total de alumnos que cumplieron o superaron la norma en la Evaluación Sumativa *Smarter Balanced* sumando la cantidad total de alumnos que cumplieron la norma (es decir, logró Nivel 3-Alternativo) en CAA dividido por la cantidad total de alumnos que participaron en ambas evaluaciones.

Resultados de la Prueba CAASPP de Ciencia para Todos los Alumnos

Esta tabla exhibe el porcentaje de todos los alumnos de quinto y octavo grado y Escuela Preparatoria cumpliendo o superando la Norma Estatal.

Los resultados de la prueba de ciencia incluyen CAST y CAA. El "Porcentaje Cumpliendo o Superando" es calculado al tomar la cantidad total de alumnos que cumplieron o superaron la norma en CAST más la cantidad total de alumnos que cumplieron la norma (es decir, lograron Nivel 3-Alternativo) en CAA dividido por la cantidad total de alumnos que participaron en ambas evaluaciones.

La cantidad de alumnos que realizaron las pruebas incluye todos los alumnos que participaron en la prueba sin importar que hayan recibido una puntuación o no; sin embargo, la cantidad de alumnos que realizaron las pruebas no es la cifra que fue utilizada para calcular los porcentajes de nivel de logro. Los porcentajes de nivel de logro son calculados usando solo alumnos que recibieron puntuaciones.

Plan de Seguridad Escolar para 2024-25

Poder dar a nuestro personal y alumnos un entorno limpio, ordenado y seguro es una prioridad a nivel todo el distrito. El personal docente y el resto del personal escolar reciben una capacitación a lo largo del año escolar sobre preparación ante emergencias, y se hacen simulacros de emergencia al menos una vez al mes.

Para la seguridad de los alumnos y del personal, las puertas delantera y trasera se cierran con llave a las 8:15 de la mañana.

Plan de Seguridad Escolar para 2024-25

Todos los visitantes deben acceder por la dirección escolar y registrar su llegada con el personal de nuestra oficina para recibir un pase de visitante del Sistema Raptor. Se hacen simulacros de emergencia una vez al mes y uno de terremoto a nivel de distrito para que los alumnos se familiaricen con las rutas de seguridad apropiadas y aprendan a mostrar una conducta aceptable en caso de emergencia. Los simulacros consisten en incendio, desastre, bloqueo, y encierro.

Las Escuelas Paramount ofrecen un entorno de aprendizaje seguro y limpio. Se asignan conserjes de tiempo completo a cada escuela para hacer la limpieza diaria, pasar la aspiradora y hacer el mantenimiento menor de salones e instalaciones de apoyo. Hay un supervisor de conserjería que hace inspecciones semanales de los baños, salones de clase y áreas para comer. Además, como distrito escolar que funciona todo el año, tenemos un equipo que hacen una limpieza profunda de la escuela cada nueve meses.

El Distrito proporciona una patrulla de seguridad las 24 horas del día, en todas las escuelas de TK-5º. Algunas escuelas K-8º y todas las escuelas preparatorias tienen seguridad a tiempo completo. Además, todas las escuelas preparatorias tienen auxiliares de personal para controlar los movimientos de personas y asuntos disciplinarios.

El Comité de Seguridad Escolar desarrolló un Plan Integral de Seguridad Escolar para cumplir con lo que establece la Ley del Senado 187 del año 1997. El plan fue aprobado por el Consejo de Sitio Escolar el 1 de marzo de 2023. El plan proporciona a los alumnos y al personal un medio para garantizar un ambiente de aprendizaje seguro y ordenado. Los elementos clave del Plan Integral de Seguridad Escolar incluyen los aspectos siguientes: inspecciones mensuales para revisar la seguridad de las instalaciones; procedimientos para la denuncia de abusos infantiles; notificación al maestro de los procedimientos de alumnos peligrosos; procedimientos para dar respuesta ante desastres; procedimientos para entrar y salir de la escuela de manera segura; política para los casos de acoso sexual; políticas de suspensiones y expulsiones; código de vestimenta; y políticas de disciplina.

Input Section 4: 2024-25 School Overview

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

Los Cerritos School is a place where students, staff, parents and community work together to hold children to, and assist them in, attaining high standards. Los Cerritos is a TK-5 school on a traditional schedule. The campus is located in the northwest section of the Paramount Unified School District. The total enrollment at this Transitional Kindergarten through fifth grade school is currently 340 students. Our student population is mainly of 97% Hispanic origin with students from many socio-economic and cultural backgrounds.

The mission of the Los Cerritos School Community is to honor diversity while developing personal integrity and respect for others. We are committed to the intellectual, psychological, social and physical development of each child in a student-centered, academically enriched environment. We believe in providing all students with a positive, supportive, student-centered learning environment. Students will be empowered to express themselves appropriately. Here at Los Cerritos, we provide an interesting, safe, joyful and positive experience that will encourage the desire for life-long learning.

Our goal as educators is to ensure that every child becomes highly literate, high performing, and meets or exceeds the State Standards and to prepare them for College Readiness. Our expectation is that they will also meet the standards for English Language Development. The work of our school is supported by energetic and dedicated staffs who truly believe that all students can achieve. Our teachers are true professionals and deliver well-planned lessons. We are supported by the families of our students who are partners with us in the education of their children, and by our business and community partners who believe in our work.

Input Section 5: 2024-25 Opportunities for Parental Involvement

This field should be reviewed and updated by the LEA/School. Please keep the narrative content to 2-3 paragraphs.

School communication is well established and ongoing through our website, Parent Teacher Association (PTA) meetings, Parent Square calls, emails, and text messages, Schoology, special bulletins from the office, and regular communication from classroom teachers. Parents in our community are very supportive of the instructional program, disciplinary procedures, and the efforts of our dedicated staff. There is strong community and parent involvement, as reflected through the number of volunteers, involvement in parent-based programs and committees and the attendance at parent-teacher conferences, Back-to-School Night, and Open House. Parents may also participate on the School Site Council (SSC), English Learner Advisory Committee (ELAC), and the Parent Teacher Association (PTA).

Input Section 6: 2024-25 School Safety Plan

Providing our staff and students a clean, orderly and safe environment is a District-wide priority. Faculty and staff are provided training on emergency preparedness throughout the school year, and emergency drills are held a minimum of once a month.

For the safety of students and staff, the front and back gates are locked at 8:15 a.m. All visitors must enter through the office and check in with our office staff to receive a visitor's pass from the Raptor System. Emergency drills are held once a month along with a District-wide earthquake drill so students become familiar with appropriate safety routes and learn to exhibit acceptable behavior in case of emergency. Drills consist of fire, disaster, lockout, and lockdown.

Paramount Schools provide a safe and clean learning environment. Full-time custodians are assigned to each site with responsibilities of daily cleaning, vacuuming and minor maintenance of classrooms and support facilities. There is a custodial supervisor who performs weekly inspections on restrooms, classrooms and eating areas. In addition, as a year-round school district, a deep cleaning crew visits the school every nine months to address heavy cleaning.

The District provides a security patrol 24 hours per day, at all TK-5 schools. Some K-8 and all high schools have full-time security posted at their schools. In addition, all high schools have staff assistants to provide for crowd control and disciplinary issues.

A Comprehensive School Safety Plan was developed by the Safe School Committee in order to comply with Senate Bill 187 of 1997. The plan was approved by the School Site Council on March 1, 2023. The plan provides students and staff a means to ensure a safe and orderly learning environment. Key elements of the Comprehensive School Safety Plan include the following: monthly facility safety inspections; child abuse reporting procedures; teacher notification of dangerous pupils procedures; disaster response procedures; procedures for safe entering to, and exiting from, school; sexual harassment policy; suspension and expulsion policies; dress code; and discipline policies.

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Los Cerritos School	19648736021448	December 5, 2024	December 18, 2024

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Los Cerritos School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Los Cerritos School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

⟩ Schoolwide Program

The Los Cerritos comprehensive school plan for student achievement is designed to enhance learning in accordance with the Every Student Succeeds Act (ESSA). At its core, the plan prioritizes high-quality Tier 1 instruction, in either small or whole group instruction, ensuring that all students receive differentiated and engaging teaching that meets their diverse learning needs. General Education and Special Education teachers participate in regularly scheduled biweekly collaborations focused on students' academic outcomes which address challenges and gains, sharing of best practices, fostering a sense of Professional Learning Community and encouraging innovative strategies.

The Instructional Leadership Teams (ILT), comprised of grade level teacher teams, Academic Coach, Special Education representatives and administrators, are established to analyze student data, implement best practices, facilitate collaboration meetings, and drive instructional improvements, particularly for struggling students. Ongoing professional development opportunities focus on evidence-based practices, culturally responsive teaching, and differentiated instruction, with embedded support for real-time reflection and improvement.

Daily integrated and designated English Language Development (ELD) instruction is also a key component, providing essential support for English learners to achieve proficiency. Staff will engage in professional development to support structured academic conversations and expanding use of vocabulary.

In addition to providing targeted academic interventions and regular monitoring of underperforming students, strategies to reduce chronic absenteeism and social-emotional learning programs are built into the SPSA. These strategies include: classroom and individual incentives to overcome attendance barriers, parent education courses through outreach programs and community partnerships, and bi-monthly social-emotional provided to all students. Los Cerritos aims to create an environment where every student can thrive academically and personally

The plan is aligned with Paramount Unified School District's LCAP goals:

Goal 1: Elevate Deeper Learning and College, Career, and Life Readiness- This goal aims to foster critical thinking, problem-solving, and skills necessary for success beyond school, ensuring that students are well-prepared for their future endeavors.

Goal 2: Implement Comprehensive Professional Learning, Leading to Effective Change- This goal emphasizes the importance of ongoing professional development for educators, equipping them with the tools and strategies needed to drive meaningful changes in their teaching practices.

Goal 3: Cultivate a Nurturing and Emotionally Safe Environment to Strengthen Well-Being, Belonging, and a Sense of Safety- This goal focuses on creating a supportive school culture where students feel valued, respected, and emotionally secure, which is essential for their overall well-being and academic success.

Goal 4: Enhance Family and Community Engagement- This goal seeks to build strong partnerships with families and community stakeholders through workshops, events, and consistent communication, creating a supportive network that enhances student learning.

Goal 5: Build an Inclusive and Equitable School District- This goal emphasizes the commitment to ensuring that all students, regardless of their background or abilities, have access to equitable resources, opportunities, and support within the school district. It aims to create an environment where diversity is celebrated, and every student can thrive.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

2023 indicators from the California School Dashboard were used.
English Language Arts and Mathematics- Orange
School-wide Universal Access time has been implemented to address the ELA academic needs using the SIPPS program for all students not meeting phonics and phonemic awareness skills and Do the Math Intervention Program for all students not meeting Number and Operations standards. Students struggling to make progress during small group instruction will be referred to the MTSS team.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the "all student" performance.

The CA Data Dashboard Indicators for each area indicate that there are NO current subgroups that are performing two or more levels below the "all student" performance band.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

In addition, i-Ready ELA data indicated 20% of students performing 3 or more grade levels below grade levels with the greatest need in fifth grade. English learners performed 19% lower in the 3 or more grade level category compared to non-English learners.
i-Ready math data indicated 14% of K-5 students performing 3 or more grade levels below grade level.

English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. All Grades: The data reveals that a large proportion of students fall into the "Standard Nearly Met" and "Standard Not Met" categories. This indicates an area of concern, as the majority of students are not reaching grade-level expectation in ELA. The percentage of students in "Standard Not Met" decreased from the 22-23 to 23-24 school year by 3.8 percent. This highlights the current focus on providing differentiated instruction to support attainment of literacy.

2. All Grades: The percent of students in the "Standard Exceeded" category remains low across all grades, showing a small percent of students performing about grade level in ELA. There was an increase of 3.86% from the 22-23 to 23-24 school year. This pattern shows that few students are excelling in literacy, pointing to a need for enrichment literacy resources for high-performing students.

3. The percent of at or near standard in reading, writing, listening and research/inquiry is consistently the largest group. This suggests that there have been no significant changes in ELA performance over the years across all grade levels.

Conclusions based on this data:

1. The data shows consistent increase in the percent of students who fall into the "Standard Exceeded" and " Standard Met" categories across multiple grades. 29.05% of students either exceeded or met the grade level standards. This trend indicates the need for continued support in math instruction with a focus on building conceptual understanding.

2. There is a substantial percentage of students in the "Standard Nearly Met" and "Standard Not Met" categories across all grades (70.95%). This trend suggests that most students are not meeting grade-level proficiency, highlighting the need for differentiated, enhance numeracy support in math instruction.

3. There was an increase in percentage of students above standard for both Problem Solving & Modeling/Data Analysis and Communicating Reasoning and a decrease in Concepts & Procedures. This suggests a need for targeted support in numbers and operations.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's English Language Proficiency Assessments for California (ELPAC) web page or the ELPAC.org website for more information about the ELPAC.

Conclusions based on this data:

1. K-5 scores indicate a significantly higher percentage of students scoring well-developed in listening and speaking compared to reading and writing. Students scoring in the somewhat/moderately performance level are comparable in all four language domains (listening, speaking, reding and writing). This suggests a need for professional development on explicit complex vocabulary and sentence structures for students to move from the somewhat/moderately performance level to the well developed performance level.

2. K-5 students at the overall level 4 performed significantly higher in the Oral language category (30.33%) compared to the Written language category (3.28%). This suggests a need to examine how teachers can apply students oral language strengths to their written work.

3. The total number of students tested as decreased by approximately 10 students each year from 2021-22 through 2023-24.

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

Academic Performance	**Academic Engagement**	**Conditions & Climate**
English Language Arts Orange	**Chronic Absenteeism** Yellow	**Suspension Rate** Orange
Mathematics Yellow

Conclusions based on this data:

1. Chronic Absenteeism rate declined by 15.2% from the previous year however is rated in the yellow range. This suggests that absenteeism is a concern.

2. English Learner Progress indicates 53.3% of students making progress towards English language proficiency which is an increase of 6.9% from previous year. This suggests current practices have demonstrated growth and should therefore continue to be a school-wide focus.

3. Core academic areas of English Language Arts and Mathematics are rated in the Orange performance level. This indicates a need for improvement for students struggling to meet grade level standards as well as enriching instruction for students who are meeting and exceeding standards.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

Conclusions based on this data:

1. All students are in the Orange category for Mathematics, scoring 53.9 points below standard. Socioeconomically Disadvantaged and Hispanic subgroups demonstrated slight increases however English learners and Students with Disabilities demonstrated minimal decreases. This reflects a significant gap in math proficiency across all students and suggests a need for targeted numeracy support.

2. Progress for students with disabilities decreased by 5.4 points (n=54). Students with disabilities demonstrated the largest decline.

3. The math performance data indicates that the English learner subgroup are 65.8% points below the standards.

1. For all students, the chronic absenteeism is rated yellow at 41% chronically absent. This rate has declined significantly by 15.2%. Four groups demonstrated a significant decline in the percentage of students who are chronically absent (All, English learners, Socioeconomically disadvantaged and Hispanic). School wide awareness of the importance of daily attendance, individual student incentives and targeted one-on-one parent meetings attributed to this growth.

2. The Students with Disabilities subgroup has 50% (n=90) chronically absent. Although the rate is higher than all other groups, this decreased by 13.2% from previous year.

Title, Description, School and LCAP Goal

Elevate deeper learning and college, career, and life readiness

Identified Need
A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

As part of the comprehensive needs assessment, stakeholders examined parent surveys, ELPAC Scores, benchmark and interim assessments, and grades. The 2023-24 CAASPP assessment data in ELA and Math establish baseline for growth and highlighted several key areas in need of improvement with a modest target increase of 3%. While there is a goal for gradual improvement, there continues to be a need to provide high quality data-driven first best instruction using effective instructional strategies, gradual release of scaffolds, additional interventions to accelerate progress in both ELA and math. The data indicates a need to provide effective interventions using the CA MTSS model with progress monitoring tools to measure growth.

In regards to language proficiency, the ELPI indicates 53.3% of students are making progress. While this is positive, there remains room for improvements as data indicates discrepancies between progress of English learners compared to non English learners.

Additionally, the i-Ready growth metric for ELA and math indicates growth in Tier 1 with a decrease in tier 2 and 3 however there continues to be a significant number of students performing one or more years below grade level. The goal aims to increase typical growth by 5%.

While these improvement goals are modest, they highlight the need for targeted phonics and number and operations interventions in ELA and Math, supports to increase academic language for English learners and strategies to drive growth in i-Ready assessments.

To address the identified needs for each of the 24-25 goals, the following steps will be taken:
1. Development and training of Instructional Leadership Team (ILT) to provide one site professional development and collaboration opportunities.
2. Academic Coaches will assist K-5 teachers with content standards by providing coaching, training, and professional development. Academic Coaches in collaboration with site Intervention Teachers will gather and analyze data to enhance teaching and target skills to address during Universal Access.
3. Intervention teachers will provide research-based interventions in phonics and numeracy as part of a school-wide Universal Access program.
4. Supplemental hands-on materials will be purchased to enhance literacy, ELD, math, and science. Students will be provided opportunities to engage in study trips to enhance learning experiences.

Identified Need
A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Data for Chronic Absenteeism indicates that there has been a decrease in percent of students chronically absent to 41%. The high percentage of students absent indicates a need to address root causes for absenteeism and provide a more preventative system which include an interventions for at-risk students and increasing family engagement. The goal is to reduce the percentage of students who are chronically absent by 5%.

The CHKS survey indicates a need to improve the school culture and climate through PBSIS systems as it relates to student safety (67%), caring environment (75%) and school connectedness (73%). The target goal is to increase by 5% in all three categories.
These goals will be achieved through the following strategies:
1. Provide bi-monthly SELD lessons to all K-5 students throughout the year
2. Provide Safe and Civil Assemblies each Trimester to all students
3. Provide Tier 1 professional development on classroom interventions to all teachers by BCBAs.
4. Provide Campus Security Aides with ongoing professional development using Playworks.

Identified Need
A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

As a part of the comprehensive needs assessment, stakeholders examined data from 2023-24 Title 1 survey and observational parent input.
Parents have a very positive attitude towards Los Cerritos School. As indicated by the 99% of families who agree or strongly agree that our school is welcoming to parents. 97% stated the school actively seeks input from parents before making important decisions.
Only 86% of families use ParentSquare at least once a week and the school aims to raise this by 5% to 91% by posting pictures of school-wide events and classroom special occasions.

Input collected during SSC and ELAC parent meetings indicate a desire for increased parent education classes on topics such as: digital citizenship, mental Health, mathematics, and supports for English learners.

2023-2024 CAASPP assessment data in ELA, Math and Science indicates a discrepancy between the scores of English Only and English learners, African American and SPED. I-Ready data indicates that Students with Disabilities have the lowest percentage of students meeting typical growth. Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code* (*EC*) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

Additional ATSI Planning Requirements:
Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement
Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:
When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:
This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:
- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:
- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:
When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:
When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:
Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:
When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Additional ATSI Planning Requirements:
When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such the S.M.A.R.T. approach.
A S.M.A.R.T. goal is:

- **S**pecific,
- **M**easurable,
- **A**chievable,
- **R**ealistic, and
- **T**ime-bound.

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.
A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need
Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes
Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:
When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:
Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table
Describe the strategies and activities being provided to meet the goal.
Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures.
  Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:
- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

Additional CSI Planning Requirements:
- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:
- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.

Additional CSI Planning Requirements:
- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: CSI funds may not be expended at or on behalf of schools not eligible for CSI.

Additional ATSI Planning Requirements:
Note: Federal funds for CSI shall not be used in schools eligible for ATSI.

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:
- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:
- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

I. The development of the SPSA shall include both of the following actions:
    A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
        1. The comprehensive needs assessment of the entire school shall:
            a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
            b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
                i.   Help the school understand the subjects and skills for which teaching and learning need to be improved.
                ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
                iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
                iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
                v.   Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
    B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

II. The SPSA shall include the following:
    A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
    B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
    a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
    b. Use methods and instructional strategies that:
        i. Strengthen the academic program in the school,
        ii. Increase the amount and quality of learning time, and
        iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
    c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
        i. Strategies to improve students' skills outside the academic subject areas;
        ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
        iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
        iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
        v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
    1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
    2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
    3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
   1. Ensure that those students' difficulties are identified on a timely basis; and
   2. Provide sufficient information on which to base effective assistance to those students.
G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).
