## Comprehensive School Safety Plan Purpose

Effective January 1, 2019, Assembly Bill 1747 (Rodriguez), School Safety Plans, became law. This bill requires that during the writing and development of the comprehensive school safety plan (CSSP), the school site council or safety committee consult with a fire department and other first responder entities in addition to currently required entities. It requires the CSSP and any updates made to the plan to be shared with the law enforcement agency, the fire department, and the other first responder entities.

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334, approved in 1999, perpetuated SB187.

The Comprehensive School Safety Plan contains the following elements:

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan is reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at Paramount Park Middle School Main Office.

## Safety Plan Vision

Paramount Park Middle School uses a comprehensive approach to support our students' physical, mental, and emotional well-being. Our vision is to create a safe and welcoming school environment in which all students feel safe to learn and thrive. Paramount Park's Comprehensive School Safety Plan focuses on the use of intervention for students with attendance or discipline concerns, and looks at data from a variety of resources to gain a better understanding of how our students feel and how staff can create plans to support their needs. Paramount Park Middle School's Comprehensive School Safety Plan also focuses on logistical details for a safe school environment including ingress, egress, disaster plans, expectations for behavior, discipline procedures, and policies and procedures to maintain safety at all times.

The Paramount Unified School District Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Paramount Unified School District Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. (BP 0450). The Paramount Park Middle School Comprehensive School Safety Plan is aligned to all board policies that support school safety.

#### **Assessment of School Safety**

Students, parents, visitors, and staff at Paramount Park Middle School are safe on campus, while attending off campus school-sponsored events, and when traveling directly to and from school. To ensure safety, Paramount Park Middle School has adopted policies and procedures pertaining to campus safety including: discipline procedures, establishing school climate and culture, campus security and safety, investment in intervention and encouraged participation from educational partners, and the improvement and maintenance of the physical school environment.

Paramount Park Middle School prepares for, practices and performs regularly scheduled evacuation and emergency drills: fire drills, earthquake drills and lockdown drills. Paramount Park Middle School participates in the annual “Great California Shake Out” drill and is constantly seeking feedback to improve earthquake and emergency preparedness. Paramount Park works closely with the Paramount Unified School District Safety and Security Department to strengthen our disaster preparedness through reviewing the safety plan, assessing needs, evaluating supplies, scheduling and performing drills and holding safety meetings to support all efforts.

All school visitors must sign-in and out and must additionally run a government identification card through the district-approved RAPTOR visitor check-in system. All visitors must visibly wear their RAPTOR passes when on campus and all volunteers must meet all requirements spelled out in the Paramount Unified School District volunteer handbook. RAPTOR signs indicating protocols and guidelines are posted in the front office for visitors to access.

Emergency exit routes are posted in all rooms and classrooms are equipped with emergency bags which are updated annually.

Our staff creates and maintains a safe school environment by aligning all policies to board policies. This includes programs and practices to address bullying (Board Policy 5131.2 Bullying Revised September 11, 2024)

The Paramount Unified School District Personnel Services Department maintains record that all employees have completed mandated training courses and annual policy acknowledgement to ensure that all school employees are compliant with training requirements per Education Code, Penal and Government Code, and Board Policies and Administrative Regulations.

### **Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)**

Alternate means of correction are employed to address discipline infractions prior to suspension for lower-level Education Code violations. As a preventative measure, all TK-12 schools have implemented Safe & Civil Schools Positive Behavior Support program, which focuses on teaching our students about behavioral expectations and providing positive feedback. Restorative practices are being utilized across the district to ensure a comprehensive approach to discipline and behavior interventions.

Paramount Unified School District (PUSD) utilizes Synergy reporting to track our student attendance and monitor concerns with chronic absenteeism. There is a process for sites to follow when there is a concern regarding absenteeism and truancy. All schools have a School Attendance Review Team (SART) to collaborate and consult on how to provide intervention to the students and families with identified attendance issues. The District also holds Student Attendance Review Board (SARB) hearings for cases that are not resolved at the site level and need further intervention. The most current 2024 data is indicated below.

Attendance and Suspension Data for Paramount Park Middle School:

Students in the SARB Process:	2023-2024 school year	2
	2022-2023 school year	1

Percentage of Chronically Absent Students:	2023-2024 school year	20.3%
	2022-2023 school year	24.6%

Suspension Percentage:	2023-2024 school year	5.6%
	2022-2023 school year	7.6%

Paramount Unified School District takes a holistic approach to student mental health and support throughout our TK-12 programs. Our school employs counselors and a social worker to assist students in need of intervention and crisis support.

A variety of interventions and means of correction are used as a part of a progressive discipline model including reflective assignments, peer mediation, restorative practices, student check-ins and check-outs, individualized incentive programs, school-based counseling, referrals to outside agencies, Social Emotional Learning practices and Safe & Civil Schools strategies.

The Safety & Security Department of Paramount Unified School District holds the responsibility to maintain a safe and secure environment for those on campus at all times. The Safety & Security Department provides service to the school community 24 hours/7 days a week under the direction of the Director of Safety & Security. Safety & Security personnel respond to calls for service to maintain order and discipline, locate missing students, investigate violations of school board policies, detain students violating the law or school board policies on school property at school-sponsored events, and respond to emergencies.

(Penal Code 11166)

"Reasonable suspicion" means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on the person's training and experience, to suspect child abuse or neglect. However, "reasonable suspicion" does not require certainty that child abuse or neglect has occurred, nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11165.9, 11166.05, 11167)

Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

The mandated reporter shall make a report even if some of this information is not known or is uncertain to the mandated reporter.  
(Penal Code 11167)

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

### 3. Internal Reporting

The mandated reporter shall not be required to disclose the mandated reporter's identity to a supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency must notify the principal as soon as possible after the initial telephone report to the appropriate agency.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

### Training

Within the first six weeks of each school year, or within the first six weeks of employment if hired during the school year, the Superintendent or designee provides training on mandated reporting requirements to district employees and persons working on their behalf who are mandated reporters. (Education Code 44691; Penal Code 11165.7)

The training includes identification and reporting of child abuse and neglect. In addition, the training shall include information that failure to report an incident of known or reasonably suspected child abuse or neglect as required by law is a misdemeanor punishable by imprisonment and/or a fine as specified. (Education Code 44691; Penal Code 11165.7)

The Superintendent or designee obtains and retains proof of each mandated reporter's completion of the training. (Education Code 44691)

### Victim Interviews by Social Services

Whenever DCFS or another government agency is investigating suspected child abuse or neglect that occurred within the child's home or out-of-home care facility, the student may be interviewed by an agency representative during school hours, on school premises. The Superintendent or designee shall give the student the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform the person of the following requirements prior to the interview: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable the child to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

### Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the

address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

For additional details, refer to Paramount Unified School District Board Policy and Administrative Regulations 5141.4 Child Abuse Prevention and Reporting.

#### **Opioid Prevention and Life-Saving Response Procedures**

All Paramount Unified School District employees are required to complete mandated Opioid Overdose Response Awareness training annually. Narcan administration training is provided annually for district nurses, school health office technicians, campus safety officers, and school staff volunteers. In responding to a suspected opioid incident, the responder will check the individual for responsiveness and signs of an opioid overdose, which may include unconsciousness, slow or absent breathing, pinpoint pupils, bluish skin, a limp body, or snoring and gurgling sounds. Utilizing personal protective equipment (PPE) such as gloves and masks, if available. They will then call emergency services. If naloxone (Narcan) is available, the responder will administer it according to the instructions and monitor the individual's breathing and responsiveness. If there is no response after 2-3 minutes, another dose of naloxone can be given. The responder will remain with the individual until help arrives, keeping them safe and as alert as possible. When emergency responders arrive, they will be provided with all relevant information. California Education Code 49414, protects employees or volunteers acting in good faith to provide emergency.

Annually, Paramount Park Middle School's district-assigned nurse provides Narcan training for certificated staff members.

PUSD's Board Policy and Administrative Regulation 5141 addresses Health Care and Emergencies and Board Policy and Administrative Regulation 5141.21 explains protocols for Administering Medication and Monitoring Health Conditions.

# Help Save a Life

## What is the Opioid Epidemic?

Opioids are medications that are used to reduce pain but are at high risk for abuse. Opioids can impact the body's ability to breathe, leading to death. The rise in overdoses can be attributed to illicitly manufactured opioids, particularly fentanyl. **Per the Drug Enforcement Administration (DEA): "Brightly colored pills, dubbed 'rainbow fentanyl,' is a new trend used by drug cartels to sell highly addictive and potentially deadly fentanyl made to look like candy to children and young people. It has been seized in multiple forms, including pills, powder, and blocks that resemble sidewalk chalk."** According to the CDC, 107,622 Americans died of drug overdoses in 2021, with 66% of those deaths related to synthetic opioids like fentanyl.

## Opioid Reversal - Naloxone (NARCAN)

### Signs of an Opioid Overdose

### What Drugs Does Naloxone (NARCAN) Reverse?

Effective:	Ineffective:
-Heroin	-Alcohol
-Morphine	-Valium
-Dilaudid	-Ativan
-Oxycodone	-Xanax
-Fentanyl	-Ambien
-Codeine	-Antidepressants
-Methadone	-Marijuana
	-Other medications

### How to Administer Naloxone (NARCAN)

Each nasal spray device is **SINGLE DOSE**. A **SECOND DOSE** can be given in **OPPOSITE** nostril with a **NEW DEVICE**, if no improvement after **2-3 MINUTES**. (2 Doses per Box)

### State and District Protections for Responders

Per Ed Code Section 49414, employee volunteers are protected by the District against any and all civil liability from their actions when serving as a volunteer.

Administering Naloxone (NARCAN) will not harm a person who is not having an overdose.

### Paramount USD District Plan

#### Steps of the plan

- Evaluate for signs of overdose
- Administer Naloxone (NARCAN)
- Call 911 & Site Administration
- Support the Person's Breathing (1 breath every 5 seconds)
- Monitor the Person's Response

### Responder's Safety

#### Steps to protect responder's safety

- Wear nitrile gloves
- Use CPR mask if CPR is performed
- Perform hand hygiene
- If suspected exposure, call 911

### (E) Sexual Harassment Policies (EC 212.6 [b])

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who has experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact his/her teacher, the principal, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer. Once notified, the principal or compliance officer shall take the steps to investigate and address the allegation, as specified in the accompanying administrative regulation.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

#### Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

#### Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

#### **Procedures for Preventing Acts of Bullying and Cyber-bullying**

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

Students are educated about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

To discourage cyberbullying, students are advised to be cautious about sharing passwords, personal data, or private photos online and consider the consequences of making negative comments about others online.

#### Reporting and Filing of Complaints

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

#### Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with District policies and regulations.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

#### Support Services

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in another program as appropriate. (EC 48900.9)

If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, Superintendent or designee, the site principal or principal's designee shall, as appropriate, implement District intervention protocols which may include, but are not limited to, referral to District or community mental health services, other health professionals, and/or law enforcement. #### **(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)**

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183)

Schools throughout Paramount Unified School District have positive and proactive schoolwide discipline plans. Data is used to inform decisions on developing and implementing effective behavior management and positive behavior support of all students (Safe & Civil Schools).

Student Referrals are made for incidents that require immediate attention or administrative support.

Means of correction will be implemented upon failure to comply with behavior expectations including, but not limited to, conflict resolution, restorative practices, counseling, parent conference, detention, suspension, expulsion recommendation (EC 48900 & 48915, BP 5144.1, AR 5144.1, AR 5144.2).

### **(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines**

#### **H. Policies Regarding Suspension and/or Expulsion**

In accordance with Board Policy 5144.1 and Administrative Regulations 5144.1 & 5144.2, suspension shall be imposed only when other means of correction fail to bring about proper conduct. However, a student, including a student with previously identified exceptional needs, may be suspended from school for not more than five consecutive school days for any of the reasons in the Education Code Section 48900, upon first offense, if the principal determines the student has committed any of the acts enumerated in Education Code Section 48900 (a-q) or that the student's presence causes a danger to persons or property or threatens to disrupt the instructional process (Education Code 48900.5)

Prior to suspending a student, a school conference is held with the student and an administrator to discuss the student's offense except in cases when the student is not available. Parents are notified of the offense and the suspension in a timely manner after the decision is made to suspend the student.

Offenses that result in mandatory suspension and referral for expulsion with the principal having the ability to make an exception if appropriate include:

2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance listed in Chapter 2 (Section 11053 of Division 10 of the Health and Safety Code.)

The information provided shall be from the previous three years. Paramount Unified School District has incorporated this notification into the student profile screen in the Synergy Student Information system. Teachers who would like additional information about the suspensions may review the student's discipline file in the school office. All information regarding suspension and expulsion is confidential and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

#### **(I) Hate Crime Reporting Procedures and Policies**

The Governing Board recognizes the harmful effects of bullying on student well-being, student learning, and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm. No individual or group shall, through physical, written, verbal, visual, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel, or retaliate against them for filing a complaint or participating in the complaint resolution process.

The following measures are implemented to prevent discrimination, harassment, intimidation, and bullying of students at District schools or in school activities and to ensure equal access of all students to the educational program :

1. Provide to employees, volunteers, and parents/guardians information regarding the District's nondiscrimination policy; what constitutes prohibited discrimination, harassment, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information includes guidelines for addressing issues related to transgender and gender-nonconforming students.
2. Provide to students a handbook that contains age-appropriate information that clearly describes the District's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior.
3. Annually notify all students and parents/guardians of the district's nondiscrimination policy and of the opportunity to inform the school principal whenever a student's participation in a sex-segregated school program or activity together with another student of the opposite biological sex would be against the student's religious beliefs and/or practices or a violation of his/her right to privacy. In such a case, the principal shall meet with the student and/or parent/guardian to determine how best to accommodate the student.
4. Publicize the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, employees, volunteers, and the general public and post them on the district's web site. br/>
5. At the beginning of each school year, inform school employees that any employee who witnesses any act of discrimination, harassment, intimidation, or bullying against a student is required to intervene if it is safe to do so.

#### **Process for Initiating and Responding to Complaints**

Any student who feels that he/she has been subjected to discrimination, harassment, intimidation, or bullying should immediately contact the principal, or any other staff member. In addition, any student who observes any such incident should report the incident to the principal whether or not the victim files a complaint.

Any school employee who observes an incident of discrimination, harassment, intimidation, or bullying or to whom such an incident is reported shall immediately report the incident to the principal whether or not the victim files a complaint.

Upon receiving a complaint of discrimination, harassment, intimidation, or bullying, the principal shall immediately investigate the complaint in accordance with the District's uniform complaint procedures specified in AR 1312.3 - Uniform Complaint Procedures. (BP 5145.3).

### **Safety Plan Review, Evaluation and Amendment Procedures**

The Comprehensive School Safety Plan was reviewed and approved by the School Site Council in a public meeting. Input was elicited regarding, but not limited to, school data, the school disaster & emergency plan, ingress and egress, and discipline policies. (BP 0450).

### **Incident Command Team Responsibilities**

#### **Standardized Emergency Response Management System Overview**

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

##### **Incident Command Team Responsibilities**

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

##### **Management**

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

##### **Planning & Intelligence**

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

##### **Operations**

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

##### **Logistics**

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

##### **Finance & Administration**

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

## **(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)**

### **Disaster Plan (See Appendix C-F)**

Paramount Park Middle School Disaster Plan and Emergency Procedures provide faculty, staff, parent volunteers, visitors and students with site-specific emergency instructions during an emergency crisis or disaster. The plan delineates responsibilities of all Paramount Park employees and is organized according to the Standardized Emergency Management System (SEMS). Each Paramount Park Middle School staff member is designated to carry out specific emergency responsibilities and are expected to understand the policies, procedures and system. Training and drills are ongoing components of the plan. The plan is reviewed and updated annually by the principal, advisory groups, and district personnel. Copies of the plan, including staff roles, are provided to Paramount Park Middle School employees, the district office, and other entities as appropriate.

Paramount Park will have Automatic External Defibrillator (AED) installed on campus in the 2024-2025 school year. There is always the possibility that an emergency or disaster may occur when classes are not in session or when Paramount Park is being used for extended before or after school activities. While the structure of the plan remains the same, the management system may expand or contract depending on the emergency and availability of personnel.

Paramount Park employees understand that the school's primary role in an emergency is to care for the safety and welfare of all children for the duration of the emergency. Staff members recognize that the school site may be on its own and potentially without outside resources for up to 72 hours. Should an emergency or disaster occur during school hours, Paramount Park Middle School will shelter students who are not picked up by parents/guardians or authorized persons listed on the Emergency Information Card for up to 72 hours. This is district policy.

A disaster container with some emergency food, water, supplies, and equipment are located on campus. Contents are inventoried and replenished annually and as necessary by the district Safety and Security Department.

### **Adaptations for Students with Disabilities**

Emergency Procedure Adaptations for students with disabilities may include student-specific considerations that the IEP team develops, implements and practices with student(s) in order to maintain safety.

Designated support staff including but not limited to teachers, IEP case carriers, instructional assistants, social worker, counselors, administration and campus safety staff will use easy-to-understand directions by simplifying directions during lockdowns and disaster evacuations. Any students who utilize tools for mobility (cane, crutches, wheelchair, braces) or who utilize communication devices will have a designated support staff maintain any items needed during an emergency or disaster. This can include items to help manage anxiety or overstimulation such as fidgets, noise cancelling headphones, or sunglasses to deter the bright lights that activate during fire alarms. All items should be available in the classroom emergency bags and all needed medications will be maintained by the School Health Office Technician. All medications will be administered as directed by physicians and approved by the student Ed Rights holder annually.

Additionally, all students, including those with mobility challenges, will practice regular emergency drills. These student-specific evacuations and scenarios will be conducted from different areas on campus in order to ensure preparedness. All students with hearing impairments, visual impairments or blindness will be partnered with a one-on-one designated support staff in order for them to receive information clearly and in order to evacuate safely. IEP teams will determine if outside agencies or additional services are needed to prepare students for emergency situations. All visually impaired or blind students will be assigned a one-on-one aide to guide them during an emergency or disaster, and they will also be assigned a back-up support staff in each class as a secondary resource should the need arise.

Sensory considerations will also be made to account for identified students/staff. The site will plan for quiet areas and spaces during emergencies to help students manage stress, anxiety and sensory sensitivities such as loud noises, bright lights or crowded spaces. A crisis response team will be convened should the need arise for any student including those students with an IEP or a 504Plan. A member of the wellness team (counselor or social worker) will be assigned to the First Aid team should any student, including those with disabilities, need ongoing emotional support during an emergency or disaster.

Students with medical conditions will have up-to-date health plans for all staff to follow, and will have any needed medications or supplies (glucose monitoring, glucose tablets/snacks) that are in accordance with their physicians directions and guardian approval.

### **Public Agency Use of School Buildings for Emergency Shelters**

In accordance with Education Code 32282, the District shall allow public agencies, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The school district or county office of education shall cooperate with the public agency in furnishing and maintaining the services as the school district or county office of education may deem necessary to meet the needs of the community.

### **(J) Procedures to Prepare for Active Shooters**

Paramount Park Middle School Emergency Lockdown Plan:

It is important for all personnel to be aware of the school procedures to be followed in the event of a potential threat to students and staff that necessitates a “lockdown” on campus. In the event that a lockdown is needed, the school principal or designee will announce the lockdown and say, “Locks, Lights, out of Sight,” over the school public announcement (PA) system and through clear in-person communication by stating, "THIS IS A LOCKDOWN. LOCKS, LIGHTS, OUT OF SIGHT!"

At that time, the following sequence of events will occur to assist in securing our campus as quickly as possible.

1. Any students in the yard during passing period, or at break/lunch will be directed by staff to immediately report to the closest open classroom. Staff will walk the area blowing their whistles and informing students of the need to quickly go to the nearest class.
2. If safe to do so, teachers on break or lunch will report to their classrooms immediately. They will direct students on break/lunch or passing period into their safe classroom space. If not safe, teachers on break or lunch will remain in the closest indoor and lockable safe space.
3. All teachers in classrooms must quickly house any students and staff from the hallways, and quickly proceed to lock their classroom doors. Teachers should immediately move students away from the windows and doors, making sure that there is a clear path to all exits. Cover the door and windows with the blackout paper (keep the paper and supplies to post near the door). No outgoing phone calls are to be made unless directed by the principal or designee.
4. Maintain silence. Turn off all lights. Silence all cell phones and electronic devices.
5. Teachers or support staff who are not with students at the time of the event need to find a secure location on campus and lock the door.
6. If safe to do so, custodian and campus security will first ensure that all gates are locked and secure, and then lock all restrooms. Any unusual events should be reported by custodian and campus security immediately to the site administrator.
7. All radio transmissions will be kept to a minimum to expedite communications to and from administrative offices.
8. The office staff will lockdown and secure all doors in administrative offices and record the names of any students who remain in the office once it is secured. Office staff will not be answering phones.
9. Information regarding the emergency situation and further directions will be provided once the campus is secure, via a staff runner, memo, phone call, e-mail, or PA announcement, as appropriate.
10. Attendance should be taken as soon as safe to do so.
11. Police and administrators will have keys to gain access to your room. DO NOT open the doors for anyone.
12. Keep students calm and prepare them to run, hide, evade or defend themselves.

### **Lockdown Plan During Instructional Time (Class in Session):**

Upon the sound of gunfire or the presence of an intruder possessing a gun or weapon, the Administrator in charge will order a lockdown and call 911. The Administrator will then call the Paramount Unified School District Safety & Security Department. The Safety & Security Department personnel will initiate notifications to the Superintendent's office.

1. An administrator or designee will notify all staff via the intercom system, a bullhorn, whistle or an individual staff member that the school is experiencing a Lockdown. The announcer will clearly and concisely state, “THIS IS A LOCKDOWN. LOCKS, LIGHTS, OUT OF SIGHT! THIS IS NOT A DRILL. I repeat, THIS IS A LOCKDOWN. LOCKS, LIGHTS, OUT OF SIGHT! THIS IS NOT A DRILL.”
2. Teachers and staff will be instructed to lock their doors, drop to the ground and move away from doors and windows to protect themselves from the gunfire. Students will be kept in the classrooms until the danger has passed. School personnel will use good judgment at all times in order to keep themselves and students as safe as possible until help arrives. If teachers/staff are in the staff room or secure restroom or office, they are to remain in that location if it is safe to do so. If teachers/staff are off campus they will be locked out of the school.

All staff will adhere to the following procedures:

- a. Lock classroom doors.
- b. Keep all students inside and away from doors and windows.
- c. Duck and cover and turn off the lights
- d. No student may be permitted to leave the classroom (this includes bathroom breaks).
- e. Make sure internal and secondary doors are operable.

- h. DO NOT OPEN YOUR DOOR FOR ANYONE.
- i. DO NOT RELEASE STUDENTS EVEN IF EVEN INSTRUCTED TO DO SO OVER THE INTERCOM
- j. DO NOT EXIT THE CLASSROOM IF A FIRE DRILL IS PULLED, UNLESS THERE IS A FIRE IN YOUR OWN CLASSROOM, THEN EVACUATE TO THE CLOSEST CLASSROOM.
- k. WHEN EVACUATED BY LAW ENFORCEMENT, LEAVE EVERYTHING BEHIND AND FOLLOW THEIR INSTRUCTIONS.
- l. KEEP CALM AND MAINTAIN SILENCE ALL AT TIMES

#### Instructional Continuity Plan

Senate Bill 153 is an instructional continuity plan to establish communication with students and their families and provide instruction to pupils when in-person instruction is disrupted due to an emergency pursuant to Section 41422 or subdivision (a) of Section 46392. The plan shall include:

(i) Procedures for pupil engagement, as soon as practicable. Communication will be sent from each school principal to students and their families no later than five calendar days following the emergency via ParentSquare. ParentSquare is a two-way communication tool with students and their families. This communication will include how students will access academic, social-emotional and mental health support.

(ii) Access to in-person instruction or remote instruction no later than 10 instructional days following the emergency, as practicable. The plan may include support to students and families to enroll in or be temporarily reassigned to another school district, county office of education, or charter school. For purposes of this paragraph, "temporarily reassigned" means temporarily reassigned to another local educational agency outside of the school district in which the pupil's parent or guardian resides. Notwithstanding Section 48200 or any other law, a pupil who is temporarily reassigned shall be deemed to have complied with the residency requirements for attendance in the local educational agency that is temporarily serving the pupil pursuant to this section.

(ii) Notwithstanding Section 48200 or any other law, a school district, county office of education, or charter school may continue to enroll a pupil who is temporarily reassigned to another school district, county office of education, or charter school pursuant to this section in order to facilitate the timely reentry of the pupil if their prior school after the emergency event has ended.

#### (G) Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 35294.2)

Safety routes for ingress and egress:

Paramount Park Middle School is adjacent to a public city park which is closely monitored by the school campus safety team, administration and Paramount city security to maintain a safe ingress and egress. Morning drop off between 7:45-8:15am occurs through the main parking lot gate located at the southwest entrance of the school on Paramount Blvd and students enter the main southwest gate which is carefully monitored by staff on yard duty and a member of the campus safety team. Afternoon pickup at school dismissal occurs at 2:45pm and students can exit at the northeast exit adjacent to Paramount Park or through the southwest and northwest gates located at the front of the school. All exits are closely monitored by a member of the campus safety team.

Paramount Park Middle School students do not have any Durham bus drop offs or pick ups at egress or ingress. Door-to-door transportation provided by taxi cabs line up prior to dismissal in the loading zone at the north end of the school parking lot. District bus drop offs and pick ups occur for field trips only. Students are encouraged to utilize the sidewalks at egress and ingress and refrain from cutting through the parking lot area.

#### Procedure for Visitor Check In:

All visitors must report to the main office and sign in to the visitor's log. All visitors are required to present a government-issued identification card including a valid photo that is processed through the districtwide RAPTOR accountability system. A visitor's badge is printed and must be worn at all times while on school property. Prior to leaving the school campus, visitors are to return to the main office, return the visitor's badge and sign out on the visitor's log.

Additionally, all staff members and Paramount USD employees must sign in and out of campus upon arrival and exit in order to account for all people on campus at all times. All staff and visitors park in the main parking lot located east of the school.

### **Why Have a Disaster Preparedness Plan?**

Assembly Bill 2786 (the Katz Bill) mandates public and private schools to establish an earthquake emergency system. Specifically called for in this system is: (a) a school building disaster plan to maintain the safety and care of both students and staff, b) a drop and hold procedure to train students and staff to cover in an earthquake, under a table or a desk, dropping to his or her knees with head protected by the arms and the back to the window, c) an outline of the protective measures to be taken before, during, and after an earthquake, and d) an educational program to ensure that the students and staff are aware of and are properly trained to follow the established earthquake emergency procedure system for the school. Also, district policy states that all district staff and students must be prepared to respond quickly and responsibly to emergencies, disasters and events which threaten to result in a disaster.

Reg. Code Title 5(560) Civil defense and disaster preparedness plans.

Government Code 3100 Public employees as disaster service workers.

This handbook will contribute greatly to raising the level of earthquake awareness and preparedness of our students and staff. Such knowledge will encourage appropriate responses during and after an earthquake, therefore helping the students and staff to effectively follow the established earthquake emergency procedure system for our school.

### **How Can We Prepare for an Earthquake?**

#### **Teachers & Staff**

1. Create a family/loved ones emergency plan. Review the plan with loved ones frequently. Keep family members and loved ones informed that under Government Code 3100, school employees are Disaster Service Workers, and if the disaster occurs during school hours, we may be required to remain at school and may be responsible for students up to 72 hours after a disaster occurs.
2. Teach lessons from the L. A. County Earthquake Preparedness Curriculum Guide
3. Teach lessons on geology from approved science texts and curriculum.
4. Familiarize yourself and be capable of implementing the school disaster preparedness plan.
5. Train yourself and your students to be responsive and orderly during emergency drills.
6. Have a copy of up-to-date class rosters, emergency forms, teacher emergency kit backpack, and first aid kit in a central location where they can be reached in a hurry.
7. Include all emergency information in your substitute plans

#### **Administration**

2. Issues the “Disaster Preparedness Handbook”
3. Assesses the level of staff preparedness.
4. Checks the condition of emergency supplies, orders necessary emergency supplies and distributes them.
6. Coordinates, manages, and evaluates drills.
7. Reestablishes emergency teams each year.
8. Sets short wave radio in place for easy access and operation.

## **General Fire and Emergency Evacuation Drill Procedures**

Any time a teacher leaves the classroom during an emergency evacuation drill, the emergency backpack with up-to-date information, including all period class roster roll sheets, should be taken. Teachers, staff and students will assemble in the emergency evacuation assembly area on the Paramount Park field (north of Paramount Park Middle School campus). The alternate emergency evacuation assembly area will be the parking lot (west of the Paramount Park Middle School campus) or the basketball courts at Paramount High School West Campus (south of the Paramount Park Middle School campus).

### **SB323 Accessibility for Emergency Procedures**

Paramount Park Middle School's students with disabilities have access to their classroom's designated evacuation area. There are 11 staff members who will assist them with the evacuation process and 11 staff members who will support them during the evacuation timeframe. The students' IEP plans identify their unique needs and any appropriate accommodations which may be needed during these instances. Any educational partner, including students, may bring concerns to the site principal if they believe that an individual's access to appropriate disaster safety procedures is not sufficiently accommodated.

**Signal: Fire bell rings a continuous bell sound.**

At the signal of the fire drill, the following procedures will be followed:

- Students will immediately stop working and will follow directions from the teacher.
- Students and staff will follow the emergency evacuation procedure. If the nearest gate exit is impacted, and another gate exit is free, proceed to that gate. If both routes are blocked, students will use the second egress route (east exit near room 33).
- The teachers will be the last to exit the classroom. The teacher will shut the classroom door, and will leave the door **unlocked**. Students will walk in an orderly manner to the emergency evacuation assembly area.
- The teachers will take the roll sheet and emergency information to the emergency evacuation assembly area.
- Teachers will instruct students to line up flush with other classes and the tree located near the pool (east side of field).
- Teachers will have the first student in line hold the name and classroom number sign for easy identification.
- All teachers will verify student attendance in the emergency evacuation assembly area and will report any missing children by filling out the student accounting form.
- Everyone is to remain quiet while in the emergency evacuation assembly area until the "all clear" sign is displayed.
- Teachers will escort students back to class in an orderly fashion.

### **Special Circumstances:**

If an actual earthquake or fire takes place during a recess break, passing period or lunch, students, staff and teachers are to move to the emergency evacuation assembly area in the park. Students will find and line up with their 1<sup>st</sup> period teacher. If students are in the MPR, library, computer lab, restroom, or elsewhere the same procedures for emergency evacuation drills are to be implemented.

# **Earthquake/Gas/Gunfire/Air Quality/Bomb Threat**

## **During an Earthquake Including After Shocks**

- Remain calm. Remain where you are. If separated from class, rejoin students as soon as feasible.
- Indoors, “Drop and Hold” take cover under a heavy desk/table or door frame and safely drop to knees. Protect head and neck with the arms with backs to windows.
- If students are in transit from one room to another or are using the restroom, they should move to the first available classroom to safely drop and take cover. If not possible, students should be instructed to quickly move to an open area away from windows, glass etc.
- If students are outside, they should be instructed to move away from buildings, go to an open area, and safely “drop and hold”
- Staff should continue to look around their environment to be aware of any dangers that may demand movement to a safer location.

## **After an Earthquake**

### *Classroom Teachers:*

- Takes backpack emergency kit including emergency supplies, up-to-date class lists, and their teacher name and classroom number sign
- Will safely guide students to the designated disaster assembly area (Paramount Park field)
- If it is not safe to guide students to the 1<sup>st</sup> designated disaster assembly area (Paramount Park field), staff will use the alternate emergency evacuation assembly areas (school parking lot or West Campus basketball courts)
- Identify serious injuries. Provide first aid and comfort students.
- Account for all students, complete the student accounting slip, and send completed form to the command post.

### *Support Staff:*

- Guide any pull-out students back to their assigned teacher in the emergency evacuation assembly area to make sure that they are accounted for.
- Be vigilant for any lost students and guide them back to their assigned teacher in the emergency evacuation assembly area to make sure that they are accounted for.
- Report to their assigned team at the designated meeting place.

## **Gas Procedures**

- Ensure gas is shut off.
- Administrator will contact authorities and district office.
- All staff and students will calmly move to the emergency evacuation assembly area.
- Teachers will take emergency backpack.
- Teachers will line up students by classroom number in the emergency evacuation assembly area.
- Teachers will take roll, complete the student accountability slip and take/send it to the command post.
- Teachers will monitor students and help them to remain calm.
- Students will be released to approved emergency list adults and checked out by designated staff if dismissal is required.

## **Gunfire on Campus – Campus Lockdown**

Upon the sound of gunfire or presence of an intruder possessing a gun, the administration in charge and/or Campus Security will notify the Sheriff's office immediately and will notify the Superintendent's office. If classes are in session, teachers are to lock their doors and keep their students in the classroom at all times until the danger has passed and instructed otherwise. If students and staff are on the grounds and a gun is being fired, staff and students are to lay down on the ground. Students and staff should remain quiet and should move away from doors and windows. School personnel needs to use good judgment at all times in order to keep themselves and students as safe as possible until help arrives. Campus Security will maintain a post in the MPR or where instructed by administration.

## **Air Quality/Smog Alert/Local Fires**

- **STAGE I** Cancel all strenuous outdoor physical activities.  
Students who have respiratory difficulties will be allowed to remain indoors. If you have student with asthma or other respiratory conditions, be aware of their potential physical needs.
- **STAGE II** Students will remain indoors except for passing to the next class. All outdoor activities will be curtailed. Meetings that require traveling between facilities will be canceled.
- **STAGE III** All activities will be canceled, except for the closing of school.  
Students will eat inside.

## **Bomb Threat**

1. DO NOT announce the bomb threat to the class.
2. Keep all students in your classroom until further notice. Do not release students for any reason!!!
3. The teacher will do a "visual search" for unusual looking objects, packages, or backpacks in the room. DO NOT TOUCH OR MOVE THE OBJECT.
4. If an object is found, notify the front office immediately. Do not use a cell phone.
5. Stay off of the phone lines in case the office needs to contact you.

## **Paramount Park Middle School Emergency “Lockdown” Plan**

It is important for all personnel to be aware of the school procedures to be followed in the event of a potential threat to students and staff that necessitates a “lockdown” on campus. In the event that a lockdown is needed, the school principal or designee will announce the lockdown and say, “***Locks, Lights, out of Sight,***” over the school public announcement (PA) system. At that time, the following sequence of events will occur to assist in securing our campus as quickly as possible.

1. Any students in the yard during passing period, or at break/lunch will be directed by staff to immediately report to the closest open classroom. Staff will walk the area blowing their whistles and informing students of the need to quickly go to the nearest class.
2. If safe to do so, teachers on break or lunch will report to their classrooms immediately. They will direct students on break/lunch or passing period into their safe classroom space. If not safe, teachers on break or lunch will remain in the closest indoor and lockable safe space.
3. All teachers in classrooms must quickly house any students and staff from the hallways, and quickly proceed to lock their classroom doors. Teachers should immediately move students away from the windows and doors, making sure that there is a clear path to all exits. Cover the door and windows with the blackout paper (keep the paper and supplies to post near the door). No outgoing phone calls are to be made unless directed by the principal or designee.
4. Maintain silence. Turn off all lights. Silence all cell phones and electronic devices.
5. Teachers or aides who are not seeing students at the time of the event (RSP, speech, literacy coach, math coach, counselors and instructional aides) need to find a secure location on campus and lock the door.
6. If safe to do so, custodian and campus security will first ensure that all gates are locked and secure, and then lock all restrooms. Any unusual events should be reported by custodian and campus security immediately to the site administrator.
7. All radio transmissions will be kept to a minimum to expedite communications to and from administrative offices.
8. The office staff will lockdown and secure all doors in administrative offices and record the names of any students who remain in the office once it is secured. Office staff will not be answering phones.
9. Information regarding the emergency situation and further directions will be provided once the campus is secure, via a staff runner, memo, phone call, e-mail, or PA announcement, as appropriate.
10. Attendance should be taken as soon as safe to do so.
11. Police and administrators will have keys to gain access to your room. **DO NOT** open the doors for anyone.
12. Prepare students to evade or defend themselves.

## **Emergency “Hold” Plan and Emergency “Secure” Plan**

It is important for all personnel to be aware of the school procedure to be followed in the event of a campus potential threat to students that necessitates a “hold” or “secure” standard response protocol. In the event that a “hold” or “secure” plan is needed, the school principal or designee will announce the procedures and say, ***“Please secure the campus. Our campus is going into hold and/or secure until further notice,”*** over the school PA system. At that time, the following sequence of events will occur to assist in securing our campus as quickly as possible.

	<b>HOLD! In your room or area. Clear the halls.</b> <b>STUDENTS</b> Clear the hallways and remain in room or area until the “All Clear” is announced Do business as usual	<b>ADULTS</b> Close and lock the door Account for students and adults Do business as usual
	<b>SECURE! Get inside. Lock outside doors.</b> <b>STUDENTS</b> Return to inside of building Do business as usual	<b>ADULTS</b> Bring everyone indoors Lock outside doors Increase situational awareness Account for students and adults Do business as usual

1. Custodian and campus security will first ensure that all gates are locked and secure. Any unusual events should be reported immediately to the site administrator.
2. Office staff will lock and secure the front office door and post a sign designating that our campus is holding and securing.
3. Campus security will make sure that all PE classes are safely escorted back on campus and aware of the situation (if safe to do so).
4. Break and lunch activities will remain on campus and indoors. No park access will be allowed.
5. If restricted entry to staff only is allowed, it will be conducted through the south gate. Security will post at the south gate to facilitate the approved staff-only entry.
6. Activities on campus continue indoors and there will be no access to the park and back field.
7. Students will follow their regular class schedules. Teachers will make concerted efforts to minimize student use of the restrooms during instructional blocks. Additional foot traffic should be kept to a minimum.
8. Dismissal will occur only if safe to do so. Informational updates will be provided as needed regarding dismissal procedures.
9. Information regarding the emergency situation and further directions will be provided once the campus is secure, via a runner, memo, phone call, e-mail or PA announcement, as appropriate.

## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	17	17	21	22	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## Informe de Responsabilidad Escolar para 2023-2024

### (Publicado Durante el Ciclo Escolar 2024-2025)

## Información General sobre el Informe de Responsabilidad Escolar (SARC)

### Sobre el SARC

La ley estatal requiere que cada escuela en el estado de California publique un informe de responsabilidad escolar (SARC, por sus siglas en inglés), para el 1 de febrero de cada año. El SARC contiene información sobre la condición y desempeño de cada escuela pública en California. Bajo la fórmula de financiamiento bajo control local (LCFF, por sus siglas en inglés) todas las agencias educativas locales (LEA, por sus siglas en inglés) son requeridas preparar un plan de responsabilidad bajo control local (LCAP, por sus siglas en inglés), que describe como intentan cumplir las metas anuales específicas a la escuela para todos los alumnos, con actividades específicas para abordar prioridades estatales y locales. Además, datos reportados en un LCAP debe ser consistente con los datos reportados en el SARC.

- Para mayores informes sobre los requisitos del SARC, favor de consultar la página web del SARC del Departamento de Educación de California (CDE, por sus siglas en inglés), en <https://www.cde.ca.gov/ta/ac/sa/>
- Para más información sobre el LCFF o LCAP, consulte el sitio web LCFF de CDE en <https://www.cde.ca.gov/fg/aa/lc/>
- Si los padres y el público general desean recibir información adicional sobre la escuela, pueden comunicarse con el director o la oficina del distrito.

Una copia física del Informe de Responsabilidad Escolar está disponible en su Oficina Escolar, bajo petición.

### DataQuest

*DataQuest* es una herramienta en línea ubicada en el sitio web *DataQuest* de CDE en <https://dq.cde.ca.gov/dataquest/> que cuenta con información adicional sobre esta escuela y comparaciones de la escuela con el distrito, el condado, y el estado. Específicamente, *DataQuest* es un sistema dinámico que proporciona informes para contabilidad (p. ej., datos de pruebas, matriculación, egresados de escuela preparatoria, abandono escolar, matriculación en cursos, dotación, y datos relacionados a Estudiantes del Inglés).

### Interfaz (Dashboard) Escolar de California

La Interfaz (*Dashboard*) Escolar de California <https://www.caschooldashboard.org/> refleja el nuevo sistema de contabilidad y continuo mejoramiento de California y proporciona información sobre como los LEA y las escuelas están cumpliendo las necesidades de la diversa población estudiantil de California. La Interfaz (*Dashboard*) cuenta con informes que exhiben el desempeño de los LEA, las escuelas y los grupos estudiantiles en un grupo de medidas estatales y locales para ayudar a identificar las fortalezas, desafíos y áreas necesitando mejoramiento.

<b>Acceso al Internet</b>	Acceso al Internet está disponible en bibliotecas públicas y otras ubicaciones que son accesibles al público (p.ej., la Biblioteca Estatal de California). Acceso al Internet en bibliotecas y otras ubicaciones públicas es generalmente proporcionado a base de orden de llegada. Otras restricciones de uso pueden incluir el horario de operación, el plazo de tiempo que se puede usar una estación de trabajo (dependiendo en disponibilidad), los tipos de programas informáticos disponibles en una estación de trabajo y la habilidad de poder imprimir documentos.
<b>Requisitos de Admisión a la Universidad de California (UC, por sus siglas en inglés)</b>	Requisitos de admisión para UC se adhieren a pautas establecidas en el Plan Maestro, que requiere que .8° superior de los alumnos graduados de escuela preparatoria del estado, así como aquellos alumnos que trasladan y han exitosamente completado especificado cursado universitario, sean elegible para admisión a UC. Estos requisitos son diseñados para garantizar que todos los alumnos elegibles estén adecuadamente preparados trabajo de nivel universitario. Para requisitos sobre admisión general, favor de visitar el sitio web de Información sobre Admisión UC en <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Requisitos de Admisión a la Universidad Estatal de California (CSU, por sus siglas en inglés)</b>	Elegibilidad para admisión a CSU es determinado por tres factores: (1) Cursos específicos de escuela preparatoria, (2) Calificaciones en cursos especificados y puntuaciones en pruebas y (3) Graduación de escuela preparatoria. Algunos planteles tienen estándares más exigentes para enfoques particulares o alumnos que viven fuera del área del plantel local. Debido a la cantidad de alumnos que solicitan, un par de planteles tiene estándares más exigentes (criterio suplementario para admisión) para todos los solicitantes. La mayoría de los planteles CSU cuentan con políticas que garantizan admisión local a los alumnos que se gradúan o trasladan de escuelas preparatorias y universidades que son históricamente brindadas servicios por un plantel CSU en esa región. Para información sobre admisión, solicitud y cuota, consulte el sitio web CSU en <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

Porcentaje de Alumnos Cumpliendo o Superando la Norma Estatal para CAASPP

Esta tabla exhibe los resultados de la prueba CAASPP para ELA y matemáticas para todos los alumnos de tercero a octavo y onceavo grado tomando y completando una evaluación administrada por el estado.

Porcentaje no son calculados cuando la cantidad de alumnos realizando la prueba es diez o menos, ya sea porque la cantidad de alumnos en esta categoría es demasiado chica para precisión estadística o para proteger privacidad estudiantil.

Los resultados de prueba ELA y matemática incluyen la Evaluación Sumativa *Smarter Balanced* y la CAA. El “Porcentaje Cumpliendo o Superando” es calculado al tomar la cantidad total de alumnos que cumplieron o superaron la norma en la Evaluación Sumativa *Smarter Balanced* sumando la cantidad total de alumnos que cumplieron la norma (es decir, logró Nivel 3-Alternativo) en CAA dividido por la cantidad total de alumnos que participaron en ambas evaluaciones.

Esta tabla exhibe los resultados de la prueba CAASPP para ELA por grupo estudiantil para alumnos de tercero a octavo y onceavo grado tomando y completando una evaluación administradas por el estado.

Los resultados de prueba ELA y matemática incluyen la Evaluación Sumativa *Smarter Balanced* y la CAA. Doble rayas (--) aparecen en la tabla cuando la cantidad de alumnos es diez o menos, ya sea porque la cantidad de alumnos en esta categoría es demasiada chica para precisión estadística o para proteger la privacidad estudiantil.

La cantidad de alumnos que realizaron las pruebas incluye todos los alumnos que participaron en la prueba sin importar que hayan recibido una puntuación o no; sin embargo, la cantidad de alumnos que realizaron las pruebas no es la cifra que fue utilizada para calcular los porcentajes del nivel de logro. Los porcentajes del nivel de logro son calculados usando solo alumnos que recibieron puntuaciones.

Oportunidades para Participación Parental del 2024-25
<p>La Escuela Secundaria Paramount Park trabaja duro para garantizar que los padres se involucren en la educación de sus hijos. Cada año, la escuela encuesta a los padres para conocer su opinión sobre la efectividad de los programas escolares y usa sus respuestas para mejorar los programas educativos. Los padres pueden estar activamente involucrados en la escuela a través de la Asociación de Padres y Maestros (PTA, por sus siglas en inglés), el Consejo Escolar (SSC, por sus siglas en inglés), el Comité Asesor del Idioma Inglés (ELAC, por sus siglas en inglés) y/o las reuniones mensuales entre padres y orientadores escolares. El Consejo Escolar y los Comités Asesores del Idioma Inglés son grupos asesores formados por padres que ayudan a los administradores y al personal con los programas educativos de la escuela. También se invita a los padres a asistir a conferencias formales con maestros y se les anima a comunicarse con los maestros y administradores para apoyar a sus hijos. Los padres son bienvenidos en la escuela y se les anima a entrar y observar o plantear cualquier inquietud que puedan tener, reuniéndose directamente con cualquier miembro del personal. El personal se vincula con las familias para ofrecer recursos que apoyen la educación de los padres en las siguientes áreas:</p> <ul style="list-style-type: none"><li>• Uso de agendas para alumnos y Schoology</li><li>• Preparación de las conferencias con padres</li><li>• Cálculo del Promedio de Calificaciones (GPA, por sus siglas en inglés) y fijar metas</li><li>• Salud mental</li><li>• Mentalidad de crecimiento</li><li>• Preparación para la universidad y la carrera</li><li>• Conciencia sobre las redes sociales</li><li>• Estrategias útiles para tomar exámenes</li></ul> <p>Si tienen alguna pregunta sobre las oportunidades de participación de los padres, comuníquense con la escuela para obtener mayores informes sobre las próximas reuniones llamando al (562) 602-8052.</p>

La Escuela Secundaria Paramount Park ofrece un ambiente limpio, ordenado y seguro para todos los alumnos y el personal. A través de Escuelas Seguras y Civiles, todos los grupos de involucrados promueven la seguridad y el civismo. El Comité de Seguridad revisa el Plan Integral de Seguridad en cada una de sus reuniones mensuales y hace modificaciones, o añaden o eliminan partes del plan, cuando es necesario. El Equipo de Seguridad Escolar analizó el plan en detalle en octubre de 2024; este proceso se completa a medida que se realizan actualizaciones a lo largo del año. El Consejo de Sitio Escolar analizó y

El Manual de preparación ante desastres de la escuela describe los procedimientos a seguir en casos de posibles emergencias, como terremotos, incendios, intrusos en el plantel o cerca, o amenaza de bomba. Todos los alumnos y el personal reciben una capacitación de preparación para emergencias a lo largo de todo el año escolar. Cada trimestre se hacen simulacros de incendio y encierro, y semestralmente simulacros de terremoto, a fin de estar preparados para estas situaciones, en caso de que sucedan.

# School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Paramount Park Middle School	19648730119438	December 6, 2024	December 12, 2023

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Paramount Park Middle School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Additional Targeted Support and Improvement

Students with Disabilities in the areas of ELA, Math, and Chronic Absenteeism; African American students in the area of Chronic Absenteeism and Suspensions.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

## Educational Partner Involvement

How, when, and with whom did Paramount Park Middle School consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

School Site Council Meetings

November 8, 2023

Reviewed the School Site Council's role in reviewing, developing, approving and maintaining the SPSA. Reviewed the District Powerpoint specifying SSC's role in developing/approving School Plan.

Reviewed current budget forecast in comparison to previous years' budgets and the major school expenditures, specifically funding personnel. Discussed the service and support that an additional counselor and intervention provide. Analyzed the impact of the 7% raise on the school's budget. (additional salary and benefits impact). Talked about student and site needs in regard to last school year and the current year. Substitute teachers continue to be in short supply which inhibits targeted teacher/departments collaboration. Scheduled next SSC meeting in which the specific, proposed budgeting strategies/allocations would be reviewed. Discussed timeline for approval of the School Plan and the input from the school's Leadership Team and the school's ELAC committee that would be a part of its development. Reviewed data analysis process utilized for the goals in the school plan.

Reviewed School Plan Goals and Strategies, included associated costs

Reviewed personnel matrix in regard to school funding required.

Reviewed input from ELAC meeting. This included funding for incentives associated with motivating students for taking the ELPAC assessment and celebration for students moving up EL levels based on the ELPAC. Members of the ELPAC were interested in parents/students accessing practice material for home use to support the ELPAC assessment. (Lexia Power Up Reading and My Tutor were discussed)

Solicited ideas/feedback in regard to the goals and strategies. Scheduled next meeting in which we would vote on approving the School Plan.

\*October 28, 2022

Reviewed School Plan Goals and costs included.

Reviewed the review with site Leadership Team and the follow-up which included a link sent to all members to solicit individual feedback. The lone suggestion put forth was reviewed. It was a strategy for use of academic coaches to provide remediation daily. The academic coach jobs were reviewed, including district and site responsibilities. Regular scheduling of tutoring groups would be challenging. It was determined that although the strategy may not be feasible at this time that it could be enacted without altering the school plan as coach responsibilities include service to adults and students currently. Motion to approve the School Plan was unanimously passed by the committee.

ELAC Meeting

\*October 10, 2022

Reviewed responsibilities of committee and importance of their input on School Plan. Reviewed what School Plan is and its components. Discussed the school's budget and strategies included which support EL Learners. Discussed some of the main strategies in plan and laid out process for collecting ideas/feedback. Discussion centered on student support which included the counselors, the My Tutor App for 24 hour help, parent access to Schoology and ParentVue, and parent conferences. Discussed timelines for end of the quarter and semester and the week for Parent Conferences. The committee members received a electronic link to solicit ideas for the school plan.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

The main resource inequities for the 2023-2024 school year was a lack of teacher/team planning time due to a lack of substitute availability. Teachers were tasked with delivering cohesive instruction and assessments, even though chronic absenteeism was still an area of concern. This effected student achievement.

Another resource inequity was the lack of substitutes in the District. In past years, we used funds to release teams of teachers by department once during each quarter. This essential planning time was used by teachers and academic coaches to plan units and assessments, analyze data and make action plans based on the findings, and to identify students needing remediation or acceleration, then making plans to meet those needs. In addition to the lack of team planning for teachers, teachers were often called upon to give up their prep period t cover absences due to a lack of a substitute. This also impacted student achievement.

## Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

### California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

## Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

## CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

#### Conclusions based on this data:

1. The school's participation rate for students taking the CAASPP test in literacy has remained high (roughly 99%) for the three years noted.
2. The amount of students meeting or exceeding the standard for overall Literacy was about 45% preceding the school closures. For the 2022-2023 school year, it was 40%.
3. The strand with the highest percentage of students Above Standard is Research/Inquiry, Investigating, analyzing, and presenting information

# School and Student Performance Data

## CAASPP Results Mathematics (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://elpac.org) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

# Annual Review

## SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

### Analysis

## Goal 3

### Title, Description, School and LCAP Goal

LCAP goal to which this school goal is aligned.

Cultivate a Nurturing and Emotionally Safe Environment to Strengthen Well-Being, Belonging, and a Sense of Safety

### Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Chronic Absenteeism is a concern on campus. The need for Mental health referrals, students seeking counseling, chronic attendance, and fear of coming to school are all areas that have increased since returning from Distance Learning. Students continue to need clear guidelines, help building positive relationships and avenues to access support.

Traditionally, behavior data showed a continuous decline of office referrals during the previous six years as we have focused professional development on building healthy relationships. A continued focus on implementing Safe & Civil behavior practices in the classroom and around campus will continue to impact a positive school culture. The introduction of Restorative Practices will support our positive approach to campus behavior and enhance the school culture where positive interactions are standard practice.

Our School Community has recognized a pressing need to address the emotional and social-well being of students, particularly in fostering a sense of belonging and safety. Students have reported feeling anxious about peer relationships and fitting in, which can hinder their academic performance and overall engagement.

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

## Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

### **Additional CSI Planning Requirements:**

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

### **Additional ATSI Planning Requirements:**

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

## Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

### **Additional CSI Planning Requirements:**

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

### **Additional ATSI Planning Requirements:**

This section meets the requirements for ATSI.

## Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

**Additional CSI Planning Requirements:**

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

## **Comprehensive Needs Assessment**

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

**SWP Planning Requirements:**

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

**CSI Planning Requirements:**

Completing this section fully addresses all relevant federal planning requirements for CSI.

**ATSI Planning Requirements:**

Completing this section fully addresses all relevant federal planning requirements for ATSI.

## **Goals, Strategies/Activities, and Expenditures**

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

**Additional CSI Planning Requirements:**

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

**Additional ATSI Planning Requirements:**

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

**Goal**

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

**Additional CSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

**Additional ATSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

**Identified Need**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

**Additional CSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

**Additional ATSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

**Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

**Additional CSI Planning Requirements:**

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

**Additional ATSI Planning Requirements:**

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

## **Strategies/Activities Table**

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- **Strategy/Activity #:** Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- **Description:** Describe the strategy/activity.
- **Students to be Served:** Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- **Proposed Expenditures:** List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to *EC* Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- **Funding Sources:** List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

**Additional CSI Planning Requirements:**

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

**Additional ATSI Planning Requirements:**

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

**Note:** Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

## Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

**Note:** If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.

### Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

### Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

## Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

**Note:** *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

**Additional CSI Planning Requirements:**

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

**Note:** *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

**Additional ATSI Planning Requirements:**

**Note:** *Federal funds for CSI shall not be used in schools eligible for ATSI.*

## **Budget Summary Table**

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

## Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:

        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
    - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

## Requirements for the Plan

  - b. Use methods and instructional strategies that:
    - i. Strengthen the academic program in the school,
    - ii. Increase the amount and quality of learning time, and
    - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
  - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
    - i. Strategies to improve students' skills outside the academic subject areas;

    - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary).   2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
  3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
  - 1. Ensure that those students' difficulties are identified on a timely basis; and
  - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

### Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).
