### Interdistrict Attendance

It is the philosophy of the Paramount Unified School District that a child should attend the school within his/her attendance area. However, the Governing Board of the Paramount Unified School District recognizes students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

Upon request by students' parents/guardians, the Superintendent or designee may approve interdistrict attendance permits with other districts on a case-by-case basis to meet individual student needs.

The Superintendent or designee shall ensure that interdistrict permits specify the terms and conditions agreed to by both districts for the granting, denial, or revocation of the permit as well as the standards for reapplication.

The Superintendent or designee may deny the granting of an interdistrict attendance permit because of overcrowding within District schools or limited District resources.

The Superintendent or designee may limit the number of student transfers out of the District to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the District may be limited during a fiscal year when the county Superintendent of Schools has given the District a negative budget certification or when the County Superintendent has determined that the District will not meet the State's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this District to a school district of choice.

Each fall, the Governing Board shall receive a status report on interdistrict permits for the previous school year.
