Employee Representative
Reports

There was no CSEA representative in attendance.

TAP president April O'Connor shared that she is happy to hear according to the Governor that the LCAP is going to be fully funded and hopes to settle the contract as soon as possible. They have had a partnership with the District for many years and things go up and down but always have our focus in mind, our students and we work to maintain that. She appreciates all the partnerships. She added that Frank Barraza recently reached out to her for the support of Dia Del Niño coming up on March 31 which is a great opportunity to reach out to the parents, families and community. She added that recently data was collected and hopes to move forward and analyze and solve problems. They like to be collaborative and that is their purpose. She shared again that the LCAP is fully funded and would love to finalize the contract as soon as possible.

Board Members' Reports

Trustee Anderson welcomed everyone and added that it is nice to see everyone in attendance. She added that the District is all about relationships and asks that we keep that in mind as we move forward.

Trustee Cuellar attended the Governor's Budget workshop and shared that the Governor proposed to fully fund the 2018-19 LCAP and she hopes that he does fully fund the LCAP.

Trustee Garcia shared that Dia del Niño will be held March 31st and Alt Med will be there to assist seniors with options available to them. The Farmers Market will also be there and all children will receive ptted seeds to learn how to grow plants. She also shared that the Latina's Club will be having a Paint Nite fundraiser on Saturday, February 25, 2018. She also asked that we support the fundraising efforts of the JROTC program who are looking at traveling to Kentucky. They will be hosting a yard sale and breakfast at American Legion to help raise fund for expenditures while their travel in Kentucky. The Mayor and a few Congressmen from Nayarit will be visiting from and a meeting and luncheon will be held at the American Legion at 1:00 p.m. Student's from the Leo's Club are currently still collecting socks that will be donated to the Convalescent Home and asked if anyone was interested in donating socks, the socks could be delivered to the High School.

Trustee Hansen attended the monthly Ad Hoc meeting and shared that changes to the GRIP program were discussed.

Trustee Peña visited Collins, Los Cerritos, Keppel and Lincoln Schools.

Superintendent's Report

Superintendent Dr. Pérez highlighted the following:

- Superintendent Pérez attended the Governor's Budget workshop and added that she hopes that he fully funds the 2018-19 LCAP.
- She thanked the Board for their support of the Resolution on

Full and Fair Funding of California's Public Schools.

- Dr. Pérez shared that the City is looking at making changes to the GRIP program as discussed at the Ad Hoc meeting.
- Dr. Pérez and Mr. Frutos visited Roosevelt School to look at the work being completed on the portables. While visiting, she walked into a meeting competition with the Cafeteria Managers. The managers were in the middle of a Waffle and Chickens cooking competition just like the competitions shows that include judging. The winner of the chicken and waffles was the manager from PHS-West.
- Superintendent Pérez shared that she continues to share the District's Strategic Plan with the community and Dr. Smith recently presented it to Rotary.
- She participated in the first College Partnership meeting.
- She met with Supervisor Janice Hahn's Field Deputy who expressed a desire to support our students and staff through recognitions and support District programs. Dr. Pérez asked her for assistance in communicating with the Department of Health as a second request was received from Supervisor Hahn for testing. Dr. Pérez shared the letters and emails that have been sent to Department of Health that addressed how we are working with them to provide everything needed for the testing. We have given them the access to do this again and the District has been accused of not working with them to provide that. Dr. Pérez told Ms. Johnson that is incorrect and provided her with all the documentation and added that one thing that has stopped all of it is the indemnification piece of the MOU. We do not allow contractors to come on to our campuses without the contract/ MOU that provides the indemnity on their end. The Department of Health got obstructed and stopped and we communicated with them that they would not be able to move forward until the MOU was in place. Because the lawyers on both sides have not resolved, the District will move forward and continue with the 2nd testing as the District already had it set up as we were going to do parallel testing. Dr. Pérez has advised the Department of Health that if they do not come through, the District will share the results and protocols used for the second time. She also shared with Ms. Johnson that there seems to be an accusation that the District does not want to work with the Department of Health but as she shared all the communication documentation with her, as soon as she got back to her office she communicated with the Department of Health, we are now back on working with them. The District does not want people to think that we do not want to work with them, that is far from the truth.

Bulletin Boards

Holly Hennessy, Howard Tanner School Principal presented an overview of the Boardroom bulletin boards representing Howard Tanner School's educational program and student work. The bulletin boards reflect the theme of "Setting Sail for a Voyage of Learning" and enhance the educational message sent to visitors and District office employees.

ASCIP Award

Reshan Cooray, Senior Director of Risk Services with ASCIP presented the Board with a certificate "Risk Management Pays Incentive Award. This award was presented to the District as a leading performer in the program and for prioritizing the safety of its staff. The District received an award of \$8,000.

New English Proficiency Test for English Learners

Renee Jeffrey, Director K-5 School Support and Innovative Programs presented the Board with an update on the new English Language Proficiency assessments and the transition to a new assessment and the Districts implementation plan.

Ms. Jeffrey added that the English Language Proficiency Assessment for California replaces CELDT. It assesses progress towards English Language Proficiency and there are four domains that are assessed (reading, writing, listening, speaking).

The two implementation plans were presented to principals:

- Team model comprised of classified, certificated and substitutes
 - Teams will administer one-on-one portions at several sites
 - Traveling teams to support several sites

- Site model comprised of site staff
 - Site staff will administer one-on-one portions and group portions at their sites.

The full version of the presentation is available on the District website.

Facilities Update

Ruben Frutos, Assistant Superintendent-Business Services and Scott Law, Director of Facilities and Projects Development presented the Board with an update on the various projects that have taken place to date.

Mr. Law shared with the Board that there have been 32 room renovations in the past three months at Roosevelt, Wirtz and Lincoln schools. Renovations included electrical upgrades, new wall tag board installation, new carpet, new ceiling tiles, lights and lenses installed, cabinetry was updated, roofing and rain gutters were repaired and installed, doors and trims were painted, some classrooms were painted on the exterior and floor, walls and ceilings were inspected and any needing repairs were repaired.

The full version of the presentation is available on the District's website.

2016-17 Audit

Jeff Volpei, Senior CPA with CliftonLarsonAllen informed the Board that the 2016-17 audit received a qualified certification, one of the best in his opinion that can be issued. There were two findings, one being at the Adult School on internal controls and the second on the District's Anti Fraud program.

**BOARD MEETING
CALENDAR**

HEARING SECTION

There were no changes to the Board meeting calendar.

During the public hearing section the following speaker addressed the Board:

Gerald Cerda, community member shared with the Board that he is providing them with an update on the Williams complaint and he received a response from Superintendent on the Williams Complaint submitted on July 12 and resubmitted on the 17th last year for facilities issues. He received on December 19. He added that California Department of Health procedures states 45 days response time from local educational agency, Paramount Unified School District response was 156 days. He added that this delay was a violation of California Code of Regulations Title 5 section 4600, tag 4687. The original complaint was a violation of AB 821 that states no toxins in classrooms, carcinogens and mentions chromium, AB 2282260 Pesticides/Insects, AB 1207 Mandated trainings and he believes this is mandated this month, AB 1432 Mandated Reporters, AB 1043 Conduct water well tests instead of relying on the City report. The City of Paramount is conducting their water testing at the water well monthly and for Paramount Unified School District to rely on the city report doesn't make sense when water travels through the pipes and we have seen on the report that it says they are over 60 years old and one says it 80 years old. He added that we need to make sure the piping is not contaminated with lead toxins. Prop 65 safe drinking water toxic enforcement Act 86 to assure drinking water at schools is safe for fountains without toxins to water fountains.

Diane Doss, Collins School community member informed the Board that for the past 20 years she has lodged complaints with administration regarding students throwing things over the fences including lunches and sticks and on one occasion sticks were lunged through the fence injuring the neighbor's dog that had to be taken to the veterinarian. She added that most recently a stick was thrown over the fence and hit her sliding door and went into the pool. Homework, lunches, baseballs have also been thrown in the yard. She has spoken to the principal and the principal has assured her that she would put barriers so that it would keep the students from using the backstop. She added that just today upon returning home, students were playing that the backstop. Because the backstop is too close and when students are there playing a number of balls are thrown into the yard. She wants to place on record and bring to the Board's attention and hopes that something can be done soon before someone gets hurt. She also shared a comment that was made from an age group no longer at Collins that came from a student that said he would burn the fence down to go get his f ball. She reported that to the principal at the time who is no longer there but never heard back from the principal.

Sara Huezo said she is in attendance once again regarding air purifiers. She knows several have been installed at several schools but wants to see what the District has come up with in terms of what kinds of filters will be used to protect children and staff from Chromium Six. She believes that currently charcoal filters are used but that does not protect from Chromium Six. She asks that the District look for a solution that will actually protect them from Chromium six. Parents are very concerned for children and staff w having cancer and leukemia which

has been proven that Chromium Six also causes nose bleeds in children.

She added that in regards to the new STEM Academy, she has been to a few meetings and it was projected that there is declining enrollment and the STEM Academy will have 150 students and wants to know how many slots are allocated to Paramount students and she asks Paramount students be given a priority as they are paying for it and it's their taxes that are paying. She knows the school is located in Lakewood and there will probably be Lakewood, Long Beach and Bellflower district coming in but want to emphasize Paramount students should be prioritized.

Elaine Hoffman informed the Board that she wanted them to know what is going on with CTA and that they applied for a grant for \$1,400 to assist homeless children. They have reached out to the District and Student Services and are very excited and want to work together. The event will begin in February. She shared of a recent lesson plan that touched her heart and asked students to describe their bedroom. One student could not get started and she asked what was wrong and he said he didn't have a bedroom as he was staying with relatives. She will see that he gets an extra packet that may help him feel welcomed.

Erik Varela wished to thank the Board in working in conjunction to address the facilities issues the next day after the Board meeting. South Bay Heating & Air was on site the next day to assess temperatures and install units, the Thursday termite inspectors were on campus, the basketball court was fixed, they had District preventive maintenance engineers on campus. They have had construction crews on site for the past three months. He wished to thank Scott Law Director of Facilities for being on campus and working in conjunction with teachers. He wished to thank the Board on behalf of teachers and staff and they welcome the Board to Family STEM night on February 15, Science Fair on March 22 and their upcoming talent show. He thanked them once again for assuring that great things are happening in Paramount schools.

Teresa Kugler commented that she is jealous of Erik and hopes that the Zamboni trailers are on wave 2 as they are 22 years old and need some TLC. Cindy DiPaola has been wonderful in keeping them going but they are getting worse. She added that with Technology, this has been a rough week. With Illuminate, Synergy, Schoology and Project Lead The Way and lots to prepare for there was no way she would be able to prioritize that and get ready for 2nd semester. She had Project Lead The Way kids and all kinds of things going on and so she wished to thank her site math coach, assistant principal, union president and Dr. Stark for changing the deadline date and now she can teach, which is what she loves.

SUBJECT: Nonpublic School Placement for Special Education Students for 2017-18

BACKGROUND INFORMATION:

In order to facilitate appropriate educational progress some students require programs not available in the District. These students receive services from nonpublic schools (NPS) and agencies which provide the necessary programs. The District contracts on an as needed basis for services based on needs identified in the Individual Education Plan (IEP) process.

A middle school student (2012001018) with an eligibility of emotional disturbance was unsuccessful in a NPS placement. The IEP team recommends placement at Rossier Park Elementary School with designated instructional services (DIS) counseling and a 1:1 aide as the least restrictive environment for the 2017-18 school year. The estimated cost not to exceed \$41,000.

An elementary school student (2016002286) with an eligibility of other health impairment currently attends Olive Crest Academy. The IEP team recommends behavior intervention development and behavior intervention implementation services. The estimated cost not to exceed \$8,000.

A middle school student (2009003756) with an eligibility of intellectual disability transferred into the District with NPS placement. The IEP team recommends placement at Olive Crest Academy with DIS counseling and a 1:1 aide as the least restrictive environment for the 2017-18 school year. The estimated cost not to exceed \$39,500.

A middle school student (2011000302) with an eligibility of emotional disturbance currently attends Olive Crest Academy. The IEP team recommends behavior intervention development and behavior intervention implementation services. The estimated cost not to exceed \$9,400.

SUBJECT: Big Picture Learning Agreement

BACKGROUND INFORMATION:

With over 20-years in high school design, Big Picture Learning (BPL) is a national leader in creating student-centered learning environments with an emphasis on workplace learning opportunities, curriculum, and resources. Paramount Unified School District Board of Trustee, Alicia Anderson, visited a Big Picture School, MetWest, last September along with Dr. Smith and Mr. Nuthall. During this visit, they met with students, staff, internship mentors, and national BPL leadership. We believe that a partnership with BPL will place the Paramount Unified School District and Odyssey STEM Academy at the epicenter of important high school renewal efforts that are taking place across the country.

This agreement will provide Odyssey STEM Academy with needed expertise, technical assistance, teacher professional development, and principal coaching by Dr. Elliot Washor, BPL's co-founder. BPL's national partners such as Walton Family Foundation and others will underwrite a significant portion of the services to Paramount Unified. An emphasis will be on developing the capacity of school and district staff to develop project-based learning experiences integrated with an extensive internship program for all students. BPL, a national leader in student school connectedness, will also support the development of a meaningful student advisory program that acts to school staff, to students, and their family. ImBlaze, BPL's web-based internship mentor recruitment portal, will ensure that all Odyssey students serve meaningful internships. The Big Picture Learning professional learning platform will connect Paramount Unified and Odyssey STEM Academy to a national network of resources and educators who think deeply about how best to educate our young people leading to its long-term sustainability.

If approved, the term of this initial agreement will run through the end of July, 2018. We are working closely with Big Picture Learning to develop a long-term agreement that will extend the partnership beyond that date; we would like to bring this agreement to the Board in June.

SUBJECT: Memorandum of Understanding with Compton College for American Sign Language course

BACKGROUND INFORMATION:

Compton College will offer a college course in American Sign Language at Paramount High School in Spring, 2018. This beginning course, taught within the context of deaf culture, introduces students to signing and comprehending elementary American Sign Language (ASL). Through a visual-gestural approach and multimedia activities, students develop basic vocabulary and grammar that deal with everyday topics.

Students who participate will receive both high school and college credit. Classes are held after school twice a week February, 2018 through June, 2018. This course will be offered to students in 11th and 12th grade. With this memorandum of understanding, students can earn up to four units of college credit before they graduate high school. This course is CSU and UC transferrable and is comparable to two years of high school sign language.

SUBJECT: New CTE Course: Computer Science Essentials – Project Lead The Way (PLTW)

BACKGROUND INFORMATION:

Computer Science Essentials – Project Lead The Way is a year-long course that introduces students to coding fundamentals through an approachable, block-based programming language where they will have early success in creating usable apps. As students sharpen their computational thinking skills, they will transition to programming environments that reinforce coding fundamentals by displaying block programming and text based programming side-by-side. Finally, students will learn the power of text-based programming as they are introduced to the Python® programming language. The course engages students in computational thinking practices and collaboration strategies, as well as industry standard tools authentic to how computer science professionals work. Students will learn about professional opportunities in computer science and how computing can be an integral part of all careers today.

The following is a list of the units of study in the course.

- Unit 1 Creative Computing: Building with Blocks
- Unit 2 Computing and Society: Transitions to Text
- Unit 3 Web Development: Solving with Syntax
- Unit 4 Computing with a Purpose

This Career Technical Education (CTE) course will be offered to students in grade 9 at Paramount High School West Campus in 2018-19. Once approved, this course will be submitted for UC A-G approval. Although a textbook is not required for this course, students will access the Project Lead The Way curriculum online. The identified teacher will participate in a week-long residential Project Lead The Way training this summer at a local university.

This document authorizes the Consultant to execute the following services for the Client as indicated below:

SCOPE AND DURATION OF SERVICES:

Refer to scope of work in Exhibit A.

SCHEDULE:

Billing will be monthly based upon our standard hourly rates of \$45 to \$350, depending upon the professional's level of expertise.

GENERAL TERMS OF CONSULTING AGREEMENT:

These General Terms are a part of this contract. All of the services to be provided are referred to collectively as the "Work." This Proposal expires if the Agreement is not signed within 90 days from the date that the proposal was issued.

(1) Acceptance and Authorization to Proceed. When Client signs and returns to Consultant a copy of this Proposal or Service Authorization, an Agreement will be formed authorizing Consultant to proceed with the Work as described.

(2) Performance by Consultant. Consultant will use all reasonable efforts to cause the Work to be performed by qualified persons under the supervision of Consultant. Except as provided below, the Work will proceed in accordance with the schedule included in this Agreement.

(3) Scope of Work. The scope of services set forth in this Agreement is based on facts known to Consultant at the time Consultant signed the Proposal or Service Authorization, including, if applicable, information supplied by Client. For some projects involving conceptual or process development services, scope may not be fully definable during initial phases. As the project progresses, facts discovered may indicate that scope must be redefined. Consultant will promptly provide Client with an amendment to this Agreement to recognize the additional information learned and changes in defining the scope and pricing for the Work. Client will have fifteen (15) days after receiving the proposed amendment to sign and return the amendment. If Client fails to sign and return the amendment within that time, Consultant may suspend work until satisfactory arrangements are agreed to in writing by Consultant and Client.

(4) Coordination with Client. Consultant and Client shall cooperate in proceeding with the Work under the direction and approval of the Client's Authorized Representative identified above, which representative or an alternate shall be available for Consultant at all reasonable times. Consultant and Client, recognizing that time is of the essence, agree that oral communications and instructions may be necessary. Consultant will, in the interest of the project, comply with such oral instructions. However, Consultant will promptly confirm its receipt of the oral instructions by sending Client a written memorandum by electronic or regular mail. The instructions will be deemed confirmed by the Client if the Consultant does not receive written withdrawal of or changes to the instructions within five (5) days after Consultant sent the confirmation to Client. If the instructions require changes in scope and pricing for the Work, Consultant will provide Client with an amendment for signature. Client will provide Consultant with access to the property which is the subject of the Work, along with all reports and other information which Client has concerning the Work.

(5) Charges for Work. Client will be charged for, and Client shall pay for without deduction or offset, the Work performed, in accordance with Consultant's current schedule of charges, billing rates, and expense reimbursement policies. Work will be limited by the amount included in the total of estimated costs stated in the proposal unless an increase is authorized in writing by Client. Although Consultant's schedule of charges and billing rates is subject to periodic review and revision, the current schedule will remain in effect for six months from the date a Proposal or Service Authorization is submitted by Consultant. Changes in the scope of the Work must be made in writing and will be charged for in accordance with this Agreement.

(6) Unanticipated Delays. Consultant shall not be liable for time delays or damages resulting from the actions or inactions of government agencies, including but not limited to, permit processings, environmental impact reports, general plans and amendments, and zoning matters. If the Work has not been completed in accordance with the schedule included in this Agreement, through no fault of Consultant, and the parties agree to an extension of the schedule, the fee schedule will be adjusted automatically to Consultant's current posted billing rates. Changes in a Client's Project Manager or changes in government plans, policies, programs, or ordinances may be a basis for Consultant to submit an Amendment to this Agreement addressing the impact of the change.

(7) Reimbursable Expenses. All of Consultant's expenses for document copying, FAX, delivery, travel, services, equipment and facilities are charged to Client at Consultant's cost.

(8) Billing and Payment. Time is of the essence in payment of invoices. Consultant invoices for Work performed will be issued at the close of each calendar month and upon completion of the Work. Any comments or questions which Client has concerning the contents of an invoice or the Work represented by an invoice must be submitted to Consultant in writing within fifteen (15) days after Client receives the invoice. If no such comments or questions are received by Consultant, the Work represented and the invoice shall be considered correct and accepted by Client. If payment for an invoice is not received by Consultant within forty-five (45) days after the date of the invoice, a reasonable late charge will be applied to all amounts outstanding, commencing thirty (30) days after the date of the invoice and continuing monthly until all amounts have been paid in full.

(9) Suspension or Termination. Either party may suspend or terminate the Work at any time upon seven (7) days' written notice to the other party. Client shall pay all amounts due for the Work to the effective date of suspension or termination, plus all costs incurred by Consultant as a result of the termination or suspension.

(10) Client Files. When the Work is completed or this Agreement is terminated and Consultant has been paid in full, Consultant will, upon written request of Client, provide Client with all files reports and exhibits prepared by Consultant in performing the Work, except computer programs or data prepared by or for Consultant in connection with the Work. Reuse of any documents or other deliverables, including electronic media, pertaining to the project by Client for any purpose other than that for which such documents or deliverables were originally prepared, or alteration of such documents or deliverables Consultant's written consent, shall be at Client's risk. Client shall indemnify and defend against, and hold harmless from, all claims, losses, liabilities, and expenses asserted against or incurred by Consultant arising out of or connected with any such unauthorized reuse or alteration. Unless instructed otherwise in writing it is Consultant's policy to destroy Clients' files five (5) years after the date of final billing for the Work.

(11) Limitation of Liability. Consultant shall be liable to Client only for losses incurred by Client which are directly caused by (a) the acts or omissions of Consultant, in violation of this Agreement, and (b) willful misconduct or gross negligence of Consultant. Consultant shall not be liable to Client for (a) delays caused by factors beyond the reasonable control of Consultant, or (b) consequential damages. Consultant's liability to Client shall be further limited to the amount available from Consultant's insurance, if any. Except for claims for indemnification, the time period for bringing claims under this agreement expires one year after Consultant issues its final invoice for the Work.

(12) Insurance Cooperation. Client may, at Client's expense, obtain insurance to protect it against any risk resulting from this Agreement or the Work, and Consultant will cooperate with Client in obtaining such insurance.

(13) Indemnity to Consultant. Client shall indemnify and defend against, and hold Consultant harmless from all claims, losses, liabilities and expenses asserted against Consultant by third parties or incurred by Consultant as a result of such third party assertions.

(14) Confidentiality. Consultant will take reasonable steps to protect the confidentiality of information obtained by Consultant in performing the Work, when Client advises Consultant in writing of the confidential nature of such information. Consultant may use Client's name in general descriptions of the Work and services performed by Consultant.

(15) Employee Solicitation. Neither Client nor Consultant shall offer to employ or employ any employee of the other during, and for a period of six (6) months after termination of this Agreement.

(16) Settlement of Disputes. The parties will attempt in good faith to resolve any controversy or dispute arising out of or relating to this Agreement promptly by negotiations. If any party reaches the conclusion that the controversy or dispute cannot be resolved by unassisted negotiations, such party may notify the Judicial Arbitration and Mediation Service ("JAMS"), 500 North State College Boulevard, Suite 600, Orange, California 92668, (714) 939-1300. JAMS will promptly designate a mediator who is independent and impartial, and JAMS' decision about the identity of the mediator will be final and binding. The parties agree to conduct at least eight (8) consecutive hours of mediated negotiations within thirty (30) days after the notice is sent. If the dispute is not resolved by negotiation or mediation within thirty (30) days after the first notice to JAMS is sent, then, upon notice by any party to the other affected parties and to JAMS, the controversy or dispute shall be submitted to a sole arbitrator who is independent and impartial, selected by JAMS, for binding arbitration in accordance with JAMS' Rules for Non-Administered Arbitration of Business Disputes. The parties agree that they will faithfully observe the terms of this paragraph and will abide by and perform any award rendered by the arbitrator. The award or judgment of the arbitrator shall be final and binding on all parties. No litigation or other proceeding may be instituted in any court for the purpose of adjudicating, interpreting or enforcing any of the rights or obligations relating to the subject matter of this Agreement or for the purpose of appealing any decision of an arbitrator, except a proceeding instituted for the sole purpose of having the award of judgment of an arbitrator entered and enforced.

(17) Miscellaneous Provisions.

(a) Amendment. This Agreement may be changed only by a written amendment signed by Client and Consultant.

(b) Interpretation of Agreement. This Agreement shall be interpreted to give effect to its fair meaning and shall be construed as though it was prepared by both parties. This Agreement contains the entire agreement of Client and Consultant, and all prior negotiations, documents, and discussions are superseded by this Agreement. The parties acknowledge there are no applicable representations, warranties, or terms which are not stated in this Agreement. The invalidity of any provision of this Agreement shall not affect the validity of any other provision of this Agreement. Section headings are for convenience and shall not be used in interpreting this Agreement.

(c) References. All references to this Agreement include reference to all amendments to this Agreement. All references to the Work include references to all or a part of the Work. References to Client or Consultant include, bind, and inure to the benefit of, their officers, agents, employees, successors in interest and assignees.

(d) Time and Excusable Delays. Reference to days in this Agreement means consecutive calendar days including weekends and holidays. The time for performance of an obligation, other than the payment of money, shall be extended for the period during which a party is prevented from performing by the act or omission of the other party, acts of God, government or other force or event beyond the reasonable control of such party.

(e) Counterparts. This Agreement may be executed in multiple counterparts all of which shall be one and the same Agreement.

(f) **Attorneys' Fees.** If any action is commenced to enforce or interpret the terms of this Agreement, the prevailing party shall be entitled to reasonable attorneys' fees and expenses, in addition to other relief as the court may award.

(g) **Prohibition of Assignment.** No right or remedy under this Agreement may be assigned by any party. Any attempted assignment shall be void.

(h) **Notices.** All notices required or allowed shall be in writing and shall be sent to the addresses shown at the beginning of this Agreement. A party may change its address for notices and consents by giving notice to the other party. Notice may be delivered by personal delivery, facsimile transmission during normal business hours of the recipient, an overnight delivery service, or U.S. Mail sent certified with return receipt requested. Notices and consents are effective on the earlier of the date received, the date of the delivery receipt, or the date delivery is refused, as applicable.

Subject: Proposal to Provide a Circulation and Parking Assessments (P2017-0930S).

Dear Mr. Law:

Thank you for the opportunity to propose our transportation services for the Paramount Unified School District (District). We understand the District seeking solutions to improve operations to reduce congestion at several schools within the District. Based on our meeting on November 15th, our proposal has been revised to provide a thorough evaluation of traffic and parking conditions and present recommendations to improve traffic and parking at the following five schools within the District:

- Mokler Elementary School, City of Paramount
- Collins Elementary School, City of Long Beach
- Keppel Elementary School, City of Paramount
- Wirtz Elementary School, City of Paramount
- Alondra Middle School, City of Paramount

As part of this scope PlaceWorks would meet with District and on-site school staff, coordinate with Cities of Paramount and Long Beach planning and traffic staff to discuss concerns and major issues, and provide a presentation to District staff. This scope below describes the work necessary to provide a comprehensive circulation and parking assessment to improve operations and reduce congestion in the vicinity of the five schools that will be evaluated in this work effort.

Dwayne Mears, AICP, Principal, Environmental Services, has extensive experience with planning for school facilities and will serve as principal-in-charge. Mr. Fernando Sotelo, PE, PTP is a licensed traffic engineer and certified transportation planner that will be responsible for preparing the circulation and parking assessment. The project team will be supported by our in-house technical experts, graphics team, and technical editing and clerical staff.

Scope of Work

Kick-Off and Initial Meetings

PlaceWorks will assemble background information for the circulation in the vicinity of each school and related to the operations, including bell schedules, enrollment, bussing, attendance boundaries and any public information available that is related to traffic and parking. PlaceWorks will also review Safe Routes to School programs and obtain accident data with each school. Our scope includes a kick-off conference call with District staff obtain initial data needs and to setup procedures for consultation with each school staff. Subsequent meetings with school staff will be conducted during the site visit for each school, as discussed below.

Site Visits and Data Collection

For each school, a site visit and an in-person meeting with the school district and/or school staff will be conducted to identify specific issues and concerns such as double parking, blocking of travel lanes, and queueing, understand the current traffic and parking procedures, gather on-site data. The site visit will be conducted on a typical day to observe parking and circulation during student arrival or dismissal times. During the site visit traffic and parking characteristics will be reviewed, including roadway configurations, student drop-off/pick-up areas, school driveways, speed limits, signage, pavement markings, lighting, ADA features. Pedestrian travel including sidewalks, crosswalks, crossing guards, major pedestrian routes and possible pedestrian hazards will be identified. During each site visit on-site and off-site parking supply, restrictions and a spot count will also be conducted at off-street parking lots and roadways in the immediate vicinity of each school. Traffic, pedestrian and bicycle counts will be taken during student drop-off and pick-up for 4 hours at up to 4 locations for each school.

Develop Parking and Circulation Recommendations

PlaceWorks will develop conceptual circulation plans and parking recommendations to improve student drop-off/pick-up, bus loading/unloading and circulation. A menu of options will be listed and grouped as packages based on their effectiveness, cost and complexity for implementation. Improvement packages will range from low-cost operational/staffing and signage to more complex and capital-intensive projects that would require demolition and construction.

Report and Presentation of Results

PlaceWorks will document the results of the analysis in a technical report that incorporates the findings, recommendations and all supporting data. Attendance at one meeting is included to present the results of this study and to discuss the recommendations and options for implementation.

Proposed Schedule

PlaceWorks will begin preparation of the analysis immediately upon receipt of authorization to proceed from the School District. Our work effort will be scheduled to be completed within 8 weeks of authorization to proceed, pending an expedited feedback from the school District and feedback from City staff.

Cost Estimate

PlaceWorks will provide the services described herein on a time-and-materials basis. The estimated costs for the services are \$36,852 and are itemized in Table 1. Work will be performed and invoiced in accordance with the terms of the attached Service Authorization. If other additional scenarios or analyses are required, they would be billed on a time-and-material basis.

Table 1. Cost Estimate

| CIRCULATION AND PARKING ASSESSMENT | | COST |
|--|--|-----------------|
| Labor | | \$31,300 |
| COUNTS AND OFFICE EXPENSES | | COST |
| Traffic Counts, Mileage, Office Expenses | | \$5,552 |
| TOTAL COST | | \$36,852 |

Acknowledgment

This proposal shall remain valid for a period of 90 days from the time of submittal. As Principal, Environmental Services, I am authorized to bind PlaceWorks and the project team to the contents of this proposal. A service authorization is attached.

We look forward to working with you to bring about the successful completion of this project. If you have any questions regarding the contents of this proposal, please feel free to contact the undersigned.

Respectfully submitted,

SUBJECT: Sale, Disposal or Recycle of Surplus Property

BACKGROUND INFORMATION:

The District is in possession of equipment, furniture, and machinery that are obsolete and not in use. The sale or disposal of surplus property would give the District much-needed storage space at the warehouse. Some electronic equipment may be recycled, which may possibly generate income. The attached list of surplus property includes furniture, fixtures, and electronic equipment.

The sale will be conducted on a date to be determined. The public will be notified of the sale through a local newspaper seven days prior to the event.

Upon completion of the sale at the warehouse site, these items will be purged from the equipment inventory of the District for insurance and auditing purposes.
